

TO CALL THIRD OF DRAFT ARMY SEPT. 1

WILL CALL 200,000 TROOPS TO COLORS

Men Will Go Immediately to Their Divisional Training Camps

CAUTIONS GOVERNORS

Crowder Tells State Executives To Have First Third of Their Quota Ready in Time

PROVIDE FOR VACANCIES

WASHINGTON, Aug. 8.—More than 200,000 men of the selective draft forces will be called to the colors September 1 to go immediately to their divisional training camps. This will bring the strength of the United States army on that date up to practically 1,000,000 men. Brigadier General Crowder, provost marshal general, sent the following telegram to the governors of the states today, cautioning them to make certain that the first one third of their quota of the first increment of registered men is ready in time:

Message Sent to Governors. "New regulations governing mobilization and the certification of men from district boards to adjutants general will be mailed to you on Aug. 9. In the meantime, local boards should certify to district boards daily those who have been called and who have not been exempted or discharged.

"Strict compliance with this rule is necessary since, on Sept. 1, the war department will call for not to exceed one third of the quota from each state to be entrained for mobilization camps between September 1 and Sept. 5. Each state should have accumulated by Sept. 1, a minimum of one third of its quota not exempted or discharged."

General Crowder also sent an additional caution to examining physicians of the local boards to take special care to prevent the introduction into the army of "that dread disease of the eyes known as trachoma."

Gives Out New Ruling. The messages were followed up by a new ruling regarding exemptions which is expected to decrease considerably the loss of men from the military service. Boards are authorized hereafter to deny exemptions to married men whose wives are solely dependent upon them, but where the parents or other relatives of either wife or husband are willing to assume the burden of her support during his absence. The same course is to be followed where any drafted man's employers agree to continue his salary as a patriotic duty.

A third supplemental ruling provides that, where a man has supported his dependents by his own labor on land which he owns and the boards find that the land could be rented to advantage so as to continue the support for the wife derived from the rental, exemption for the man may be denied.

Provide for Every Contingency.

Mobilization regulations were in the hands of the printer tonight. They provide for every contingency that can be foreseen in the assembling of the men for the new army. The contingents of the various districts making up any call to the colors are to be assembled by the state authorities, provided with transportation by means of subsistence on the way and also provided with a blank telegraphic form with which to report the time of their arrival to their camp commander from a point six hours from destination. They will be regarded as passing into the authority of the army when they board the trains.

Provision is made also for filling vacancies which may occur in any district quota should men sent forward be rejected by the army doctors on final examination at the camps. In such cases the district boards will be notified and another man be furnished. The quota of any district will not be regarded as filled until the camp authorities report back to the board that the full number of men called for have arrived and been finally accepted.

SAYS NEXT U. S. TROOPS WILL GO TO RUSSIA

WASHINGTON, Aug. 8.—Predictions that the next American troops to go abroad will be sent to strengthen the Russian line was made in the senate today by Senator Lewis of Illinois. "The next legions of our men to go forth," said he, "will be to Russia to support the loyal Russian armies now fighting under the principles of our making. To these shattered but struggling people we must go with food and supplies and also with our men."

ROOT REPORTS RUSSIA GROWS STRONGER DAILY

Unqualified Encouragement from U. S. Essential

New Republic Can Be Depended Upon With Aid from United States, to Do Her Part in the Great War and Emerge a Powerful State.

Washington, Aug. 8.—Russia, the newest of democracies, grows stronger of heart and purpose daily, and with aid from the United States, can be depended upon to do her part in the great war and emerge a powerful state. This was the message brought to President Wilson and Secretary Lansing today by Elihu Root and his fellow members of the American mission sent to Russia three months ago. Unqualified encouragement from the United States and moral and financial aid when necessary, is absolutely essential to keeping life in the new government the commissioners agreed. A separate peace with Germany obviously is the gravest fear. Left to fight alone with her present government in control the president was told, Russia will emerge triumphant, but if by great masses of troops or clever propaganda Germany should accomplish the overthrow of the Kerensky government, the outlook would be dark indeed. Only one written report, it is understood, was submitted to Secretary Lansing. It was not made public and may not be. Members of the party who shared Mr. Root's optimism and discussed their views were Charles Edward Russell, a former Socialist; James Duncanson, a labor leader and Major Stanley Washburn, a man of long experience in Russian affairs. The latter two were agreed that one great need of Russia is publicity regarding America's intentions in the war. Mr. Russell went a little farther than the others by declaring emphatically for sending American troops to the eastern front immediately.

The military members of the mission, headed by Major General Hugh Scott, had a thrilling story to tell of experiences on the Russian firing line. They were under fire during one of the great offensives. The mission, headed by Mr. Root, called at the white house at 4 o'clock in the afternoon and remained with the president about one hour.

GERMAN SOCIALISTS TO OPPOSE GOVERNMENT

COPENHAGEN, Aug. 8.—German Socialists will oppose the new government on the principle of Catholic Germania, according to the Socialist organ Vorwaerts. "Persons so foolish as to expect a great change in the direction of parliamentary regime will be disappointed," says the newspaper, which believes that the presence of Catholic representatives is a great improvement in the system. It appears that Dr. Spahn, leader of the Catholic center party in the Reichstag, will be forced to retire from parliamentary life on account of his appointment as Prussian minister of justice. He must resign his seat owing to the constitutional proviso upon accepting the portfolio but it is asserted there is nothing to prevent his standing for re-election. He will accordingly do this though he cannot become a member of the Bundesrat.

August Worms, leader of the Flemish movement in Belgium said in an interview in the Berlin Tageblatt the aim of the movement was the re-establishing in Belgium as a dual monarchy of Flanders and Walloon under the personal union of King Albert. Herr Worms took Austria-Hungary as an example of the movement for free Flanders in free Belgium.

MAX HEADS BELGIAN BAR ASSOCIATION

HAVRE, Aug. 8.—Lawyers of Brussels have unanimously elected Adolphe Max, the heroic burgomaster of Brussels imprisoned by Germans, as president of the bar association, according to news received here. The announcement of the election was received with rousing cheers regardless of the fact that German sentries were posted at the palace of justice where the election took place.

Reports Max Seriously Ill

London, Aug. 8.—The Central News Agency quotes the newspaper Belgisch Dagblad to the effect that Burgomaster Max of Brussels is seriously ill in a prison at Celle, a Prussian town 23 miles northeast of Hanover.

King Alfonso of Spain is said to have intervened fruitlessly in behalf of the imprisoned burgomaster.

TAFT'S CONDITION IMPROVES

Clay Center, Kans., Aug. 8.—The condition of former president William H. Taft, who became suddenly ill here Monday night, was improved today according to attending physicians, who decided however, that it would be advisable for him to remain in his room again today. He probably will leave for Lincoln Neb., tomorrow, it was said. Mr. Taft became ill after delivering an address here.

FAVOR CARRYING ON WAR

Wellington, New Zealand, Aug. 8.—Amid the greatest enthusiasm the New Zealand parliament today adopted a resolution in favor of "carrying on the war until Germany has been vanquished."

SECRECY SURROUNDS CONFERENCE ON COAL

Gov. Lowden and Illinois Operators Meet in Executive Offices

MEET IN CHICAGO FRIDAY

"Something Has Been Accomplished" is Only Word Given Out After Session

PLAN FOR HARD FIGHT

SPRINGFIELD, Ill., Aug. 8.—Absolute secrecy surrounded the conference in the executive offices here today of Illinois coal operators and Governor Frank O. Lowden resulting from the avowed intention of the state council of defense to take action which will reduce coal prices. It was said at the governor's office after the five hour session had closed at 3:30 o'clock that "something had been accomplished," but that there was nothing to be given out for publication.

Expect Further Developments. Further developments are expected, it was stated, Friday when another meeting will be held in Chicago. Just who will attend the meeting and whether the governor will be present could not be ascertained.

Today's conference began at ten a. m. and continued thru the noon hour, lunch being served in the governor's private office.

Governor Lowden immediately got into telephonic communication with Samuel Insull, of Chicago, chairman of the state council of defense and Levy Mayer, also of Chicago, chairman of the law and legislation committee of the council, and held long conversations with them.

Present at the conference today were J. E. Rutledge and D. W. Buchanan, operators, and Attorneys Rush C. Butler and Ralph M. Shaw, all of Chicago. In addition to these, Frank Farrington, president of the Illinois district, United Mine Workers of America, was a party to the deliberations. He left shortly before noon to catch a train for Chicago.

Operators Plan Hard Fight.

It was reported at the state house that coal operators were planning for a hard fight to prevent the state from seizing their mines for operation by the state. Today's meeting with the governor was said to be for the purpose of pointing out legal difficulties in such a policy.

The position of the law and legislation committee, whose report was adopted by the defense council yesterday in Chicago was that seizure of Illinois coal mines could be accomplished without legal proceedings.

A report of yesterday's meeting has been sent to Governor Lowden together with a resolution said to confer on him powers of seizure if such a program should be approved by the conference of the defense councils of sixteen states invited by Illinois to come together to attack the problem of coal price regulation.

Efforts in Indiana Fail.

Indianapolis, Aug. 8.—Efforts of the special coal committee of the Indiana State Council of Defense to effect an agreement with coal operators regarding price and supply have failed entirely. The committee so reported to the council today and its request was discharged from further duties.

May Call Special Session.

Salt Lake City, Utah, Aug. 8.—That a special session of the Utah legislature will be called to act on the high prices of coal was indicated today by Governor Bamberger, when he declared that, if necessary, he would urge the enactment of a measure to make coal a public utility.

Will Join Other Governors.

Madison, Wis., Aug. 8.—Governor Phillip and the Wisconsin council of defense will join with other governors and officials in a conference in Chicago on Aug. 18 to attempt a solution of the coal situation.

The governor thinks it might be well to have conference of the states of Wisconsin, Minnesota and the Dakotas, coal, consuming but not coal producing states to check up on the transportation of coal. If Ohio, Indiana and Illinois, the great coal producing states for the middle west could definitely fix the price of coal at the mines he thinks the other states could quickly limit the transportation and dealers profits to a reasonable sum.

"These are days when all things must be done at a reasonable profit," said Governor Phillip.

Predict Reduction in Prices.

Washington, Aug. 8.—Sharp reduction in coal costs was predicted by officials tonight as a result of the senate's passage today of the

CALL FOR WHEAT CROP OF A BILLION BUSHELS

Government Announces War Agricultural Program

Vast Production Will Be Essential to Prevent a Serious Shortage of Breadstuffs Next Summer Should Corn Be Damaged by Frosts.

Washington, Aug. 8.—Foreseeing that demands for wheat may exceed the supply next year, the government today announced a war agricultural program calling for the production of more than 1,000,000,000 bushels of wheat and a crop of rye in excess of 82,000,000 bushels next year. This vast wheat production will be absolutely essential, the government experts believe to prevent a serious shortage of breadstuffs next summer should the growing corn crop, now behind the season be much damaged by early frosts.

Adopted as War Measure

It is the first time in history the government had taken a hand in directing the planting of definite areas to crop. The program adopted purely as a war measure represents the best thought of the department of agriculture and state agricultural officials and state councils of defense.

Planting of 47,337,000 acres to winter wheat this autumn, more than 200,000 acres more than ever planted to that crop before is a requirement of the program. Each state is asked to plant as large an acreage in wheat and rye as can be sown without upsetting proper farm practice. Increase of almost a million acres in the rye acreage is called for with a total of 5,131,000 acres.

No Shortage of Seed

The experts drafting the program foresee a possible shortage of fertilizer, but say there will be no general shortage of seed or farm machinery and that transportation facilities will be ample. A fair price for wheat will be established under the food legislation. The increased winter wheat acreage should produce 672,000,000 bushels on the basis of ten year average yields. With conditions similar to those of the record winter wheat year in 1914 the acreage should produce 880,000,000 bushels. A spring wheat crop of the ten year average would mean 251,000,000 bushels and with conditions equal to that of the record spring wheat year, 1915, it would reach 350,000,000 bushels if an acreage equal to this year's is planted.

NEWS FROM CHILE CHEERS MRS. DE SAULLES

MINEOLA, N. Y., Aug. 8.—Mrs. Bianca deSaules, who is a prisoner in the sheriff's residence here charged with killing her divorced husband, John L. deSaules, altho unable to leave her bed today because of illness and refusing all nourishment, was cheered by receipt of a cable message from Valparaiso, Chile informing her that her mother, Mrs. Bianca Vergara Errazuriz, and her sister and brother had started for New York.

Several persons who called to see Mrs. deSaules today were refused permission to do so owing to her weak physical condition. Mrs. deSaules' one desire was still to see her four year old son, who is at the home of Charles Heckscher, the slain man's former business partner but no arrangement was made during the day by which the mother's wish could be gratified.

SLIGHT INCREASE IN LOSS OF VESSELS

LONDON, Aug. 8.—There was a slight increase in the loss of British merchant vessels by submarines or mines during the last week, according to the official summary issued tonight. Twenty one British vessels of more than 1,600 tons and two vessels of less than 1,600 tons were sunk last week. Thirteen ships were attacked unsuccessfully. No fishing boats were lost.

The number of vessels over 1600 tons sunk last week is an increase of three over the number sunk in the previous week. There is a decrease of one in the vessels of less than 1600 tons. The total for the present report is an increase of two over the previous report.

CONFIRM NOMINATION OF BAINBRIDGE COLBY

WASHINGTON, Aug. 8.—The senate late today confirmed the nomination of Bainbridge Colby of New York to be a member of the government shipping board. The confirmation was voted 3 to 16 after a spirited executive session which lasted nearly an hour. The opposition was led by Senators Wadsworth and Calder, of New York who are understood to have objected to Mr. Colby's political activities.

Mr. Colby previously a Republican supported Roosevelt in 1912 and Wilson in 1916. He succeeds Captain John B. White who resigned with William Denman and Major General Goethals. There still is one vacancy on the board.

SENTENCE THIRTY-FIVE.

Pohonix, Ariz., Aug. 8.—Thirty-five Mohokans, members of a Russian religious sect colonized at Glendale, were sentenced to one year in prison by Judge Sawtelle late today for failure to obey the president's proclamation requiring aliens to register under the selective draft law.

ASSURE PUBLIC WILL BE PROTECTED

War Industries Board Announces Administration War Time Policy

WILL PROTECT ALLIES

Government Determined There Shall Be No Exorbitant War Profits

PRESENTS HARD PROBLEM

WASHINGTON, Aug. 8.—Definite assurance that the American public will be protected against profiteering and that the allied governments will get their war supplies at the same prices as the United States is contained in an announcement tonight of administration's war time policy. The pronouncement was made by the new war industries board formed last week as a part of the council of national defense to have full charge of the government's war purchases. It made clear the administration's determination that there shall be no exorbitant war profits and at the same time stated the government's intention to see that industry receives fair prices for its products.

Prices Out of Proportion.

Prices now charged for materials necessary to the industrial life of the nation are out of all proportion, the statement said, to the cost of production.

"Unconscionable profits" it is declared are made on National resources entering into the manufacture of articles consumed by the public.

Already the administration is preparing for drastic action to reduce prices in negotiations with manufacturers fail to produce result, Robert S. Lovett of the war board made public the statement declared the government was ready for such a contingency and felt confident it could meet the situation. If possible he said, it hoped to achieve results without resort to legislation. In the senate today Senator Pomerene introduced a bill to authorize the president to fix the prices of iron ore, iron steel and their products and to regulate their production and sale thru the federal trade commission. Full power to control the sale and distribution of foods, feeds and fuel was given to the government today in the final passage of the food control bill.

Justice Requires Equalization.

The administration attitude in demanding that American manufacturers sell to the allies at the same prices as to this government is that, since there is a common purpose and since the allies are buying their supplies with American money, justice requires that costs be equalized.

Two restrictions, however, will be enforced in selling to the allies. One is that the allies themselves must apply the same rule in selling to each other and to the United States and the other is that the arrangement must be limited to articles actually used for war purposes. Officials held that the last restriction is necessary as a protection to American industry and intend that no raw materials shall be sold abroad at lower prices to be made up into manufactured goods sold back into the United States in competition with American dealers.

The requirements that the allied governments force their own producers to sell to other governments at the same prices charged at home is to protect this government and at the same time to establish a system to prevent any of the allied nations from profiting at the expense of its associates.

The war board believes that American manufacturers will accept the suggestion concerning price to the allies without the use of force. It feels that the knowledge the government already has power or can procure it from congress will be sufficient to persuade producers to follow the board's suggestions.

Presents Harder Problem.

The subject of prices to the public presents a harder problem, but administration leaders hold that the reduction of prices charged the government in itself tend to lower prices generally.

The board's statement, in referring to prices to be paid by the government says:

"In fixing the prices to be paid by the government we shall allow a reasonable profit, but shall deny the extortion now exacted for many commodities of prime necessity. We shall pay the just price so admirably defined by the president in public statement on July 15, as follows: "By a just price I mean a price which will sustain the industries

SCHEIDEMANN DEMANDS NEW GOVERNMENT

Socialist Wants Government Representing Will of People

Member of German Reichstag Voices Demand in Speech Delivered At Mannheim, Baden — Democratic Movement Seems Slipping Backward.

Amsterdam, Aug. 8.—Philipp Scheidemann, Socialist member of the German Reichstag, in a speech delivered at Mannheim, Baden, before 6,000 people, demanded in the interest of peace the speedy substitution for the present government of Chancellor Michaelis, a government really representing the will of the German people.

Democratic Movement Slipping.

Copenhagen, Aug. 7.—The Democratic movement in Germany which reformers were sure was getting such a splendid start in the recent reichstag crisis now seems slipping backwards down grade. The Liberal and Radical newspapers in Germany generally interpret the selection by Dr. Michaelis, the chancellor, of his colleagues as a distinct rejection of the principle of parliamentarism or parliamentary influence upon administration.

The Socialist organ Vorwaerts announces that the cabinet members Spahn, Gause and Mueller enter the government as individuals, not as party representatives. Therefore the party assumes no responsibility therefor, but retains completely a free hand toward the government. Herr Mueller, particularly, has long had no active connection with the Socialist party and has a purely administrative non-political post.

Must Have Government of People.

The Vorwaerts declares that the present government must be the last of its kind and must be supplanted by a government of the people. Dr. Michaelis is also getting further away from the reichstag peace resolution even as he interprets it as the days pass. The phrase in his speech Saturday on the necessity of "a powerful peace" was presented in black faced type.

Reports of The Associated Press from Germany say that Dr. Michaelis now had been hailed by the advocates of greater Germany as a new Bismarck and an enthusiastic orator of a delegation from an independent committee for German peace which saw Dr. Michaelis off at the Dresden railway station made a wildly applauded speech, greeting him as a worthy successor of the old blood and iron chancellor. Dr. Michaelis, according to the published reply to the speech, was modestly silent regarding it.

DR. VINSON PRINCIPAL WITNESS BEFORE HOUSE

AUSTIN, Texas, Aug. 8.—Dr. R. E. Vinson, resident of the University of Texas, was the principal witness today before the Texas House of representatives sitting as a committee of the whole investigating the charges brought by Speaker P. O. Fuller against Governor James E. Ferguson, alleging illegal acts in office and seeking the chief executive's impeachment. This was the first time the so-called university muddle which resulted in Governor Ferguson's veto of the appropriation for that state institution for next year came up in the investigation. Dr. Vinson testified that on his assuming the presidency he called on Governor Ferguson to pay his respects and then was told by the governor that certain members of the faculty "must go."

Speaker Fuller in his charges alleged that the governor exceeded his rights in attempts to control the university.

VIEW CHINA'S ACT AS WORK OF THE ENTENTE

AMSTERDAM, Aug. 8.—Austro-Hungarian newspapers, according to a telegram from Vienna, view China's declaration of war as the work of the Entente, especially President Wilson. It is aimed as a blow at German and Austro-Hungarian business interests in China and to oust two troublesome trade competitors by furnishing the Chinese with a pretext not to pay their debts, rescind railway and mining concessions granted to Austrians and Germans, confiscate Austro-Hungarian capital invested in the country, seize their ships and intern their subjects.

AMERICAN STEAMER CATCHES FIRE AT SEA

WASHINGTON, Aug. 8.—The navy department announced today that the American Steamship Navajo caught fire at sea and was abandoned, the crew being landed in safety. The fire is supposed to have originated in the stovehole. The Navajo was armed and her naval guard escaped with the crew. Among the guard was seaman second class, Albert Lester Herald, Council Bluffs, Iowa.

TO BEGIN ERECTING BUILDINGS AT ONCE

Chicago, Aug. 8.—Erection of recreation buildings at each army camp and cantonment will be begun at once by the Knights of Columbus under a special committee consisting of P. H. Callahan, Louisville, chairman; J. J. McGraw, Ponca City, Okla., and the directors of the council, it was decided today at the annual meeting of the supreme council. Headquarters of the war fund will be in Washington.

SENATE PASSES FOOD CONTROL BILL

Measure Providing For A Food Survey Also Is Adopted

RECESS UNTIL FRIDAY

Both Food Measures are to Become Laws Friday with Wilson's Signature

SEVEN VOTES AGAINST

WASHINGTON, Aug. 8.—The food bill passed thru the last stage of legislative enactment at 4 o'clock this afternoon when it was finally adopted 66 to 7 by the senate in the form previously approved by the house. President Wilson's signature now makes it a law.

Those voting against the conference report were: Democrats, Hardwick, Hollis and Reed; Republicans, France, Gronna, LaFollette and Penrose.

Immediately after the final vote on the control bill the senate, by a viva voce vote, also approved the conference report on the first administration food bill providing for a food survey and an appropriation to stimulate production.

To Become Laws Friday.

Both bills are to become laws Friday with President Wilson's approval. Senate and house leaders tonight made plans to that end, the delay being caused by adjournment of the house until Friday and necessity for the signing of the bills in open session by the presiding officers of both houses. The senate recessed tonight until Friday.

Prompt appointment of Herbert Hoover as food administrator and immediate operation under the legislation is expected to follow. In addition to its comprehensive provisions for control of food, fuel, fertilizer and farm equipment the control bill carries drastic prohibition features. Thirty days after it is approved it will be unlawful to use foodstuffs in the manufacture of distilled beverages or to import distilled spirits for beverage purposes; and the president will be empowered to commandeer for military purposes distilled liquors now held in bond and to regulate or restrict the use of foods in the manufacture of wine and beer. Final vote in the senate was secured by unanimous agreement to dispose of the bill late today and after four days' discussion of the conference report. In addition to the seven senators voting against the bill Senator Gore, chairman of the senate agriculture committee and Senator Sherman, Republicans, were paired and did not vote. Both announced that, had they been at liberty to vote they would have been registered in the negative.

Favored Final Draft.

Of the absent and paired senators, announcement was made on behalf of virtually all that they favored the final draft.

The senate's action virtually concludes work of congress upon the administration food legislation program initiated last May. It puts into the president's hands, for personal use or delegation the most unusual and comprehensive powers and, according to many members of the congress, marks the innovation of national socialistic experiment.

Consummation of the program followed the most bitter opposition and acrimonious debate in many years, centered in the senate after the president had prevailed upon congress to lay aside virtually all work and urged conclusion of the legislation by July 1 to deal with this year's crops. The conference report on the bill had been under discussion since Saturday, June 18. The house passed the bill after two weeks' debate.

ARREST SIX NEGROES

Lincoln, Ill., Aug. 8.—Six negro section hands who are alleged to have boasted that they did not register for the draft were arrested here today and will be held pending arrival of federal officers from Springfield.

WEATHER INDICATIONS AND TEMPERATURES

Illinois: Partly cloudy Thursday; Friday generally fair, moderate temperature.

NO COMPETITION.

A field of more than 12,000 acres is being cleared off near Savannah, Ill., where the large guns being manufactured at government arsenals will be tested. There wasn't a great deal of strife among cities in securing this government enterprise, for somehow the business people were more enthusiastic about securing the locations of cantonments than they were a field where heavy guns will be tried out. There will be something of both din and danger in the testing process.

CUTTING THE KAISER OUT OF SCHOOL BOOKS.

Tearing a page out of school books because of references to the kaiser, at first sounds as foolish as banishing the study of German from school courses. But the case is different. In Chicago the board decided to eliminate the page about the kaiser because the paragraphs paid a tribute to the German ruler based upon his earlier record and not upon German history of the past three years. To read that school book one would think the kaiser something of a saint—a great and just ruler deserving the best for his own nation and the rest of the world. No wonder the Chicago board took this action.

SHARING IN PROFITS.

In times like these, with manufacturing concerns declaring big dividends and general activity prevailing along all lines, profit taking gets to be something of a mania. This is exemplified in Chicago where notaries are reaping a harvest by charging each man who claims exemption on account of a dependent wife or child a fee of 75c. A man making such an affidavit must submit two other affidavits in support of his claim. Notaries established offices near the headquarters of the exemption boards and were getting their share of "war profits," until the exemption boards took action to relieve the men of this expense.

Here in Jacksonville the notarial fees for taking exemption acknowledgments have been very few. That is the difference in the way they do things here and in the big cities.

be made of the fact that in this season of serious living Americans are reading seriously. The conclusion is fairly to be drawn from the advertisements of book publishers in the newspapers and magazines. You take up a publication of daily, weekly or monthly appearance and your eye falls upon the attractive headline, "Books for Summer Reading." You glance over the titles, expecting to find such a time? and instead of finding a catalogue of insubstantial romances, you run through a list of books about the world as it was, as it is and as different people think it is going to be after the war; and about the next world. Books on better living; on food, health, patriotism. Even the fiction promises by title (or puff) illumination of problems that beset the earnest mind.

Not that the production of ephemera has quite ceased. The light stuff continues to run off the presses. But it is not predominant. The nation is sober and alert, and it seeks in the printed page illumination and inspiration and courage.

MAGAZINES FOR SOLDIERS.

The Independent is the first of the national weeklies to carry at the top of the front page of the cover notice to readers "When you finish reading this magazine place a 1 cent stamp on this notice, hand same to any postal employee and it will be placed in the hands of our soldiers or sailors at the front. No wrapping, no address. A. S. Burleson, Postmaster General." These words outline one of the most sensible movements that has yet been inaugurated to show personal interest in the soldiers at the front and to provide them with good reading matter. In explanation of the notice and commenting upon it the Independent says:

"General Pershing has asked the people at home for reading matter for his men. He also respectfully but firmly reminds them that soldiers are quite as intelligent as civilians and that the man in France or on the high seas is no more interested in the 1897 files of the School Girl's Friend, than he was before he enlisted. What the soldier wants is current magazines just as soon after they are published as possible. With two simple motions you can give him what he wants. First, stick a one-cent stamp over the notice in the upper right-hand corner of the cover of this copy of The Independent—you will find the color scheme particularly cheerful; second, as soon as you've read it yourself, hand the copy to any postal employee. Repeat the process every week. The post office department has agreed to see that all magazines bearing that notice and a stamp are placed in the hands of our soldiers and sailors at the front. There is a pleasant, mildly romantic mystery about the transaction. It is also pleasant to find anything which is at once so easy and so worth while. The one-cent stamp in the corner of your magazine should become a national habit."

COAL PRICE RELIEF SEEMS PROBABLE.

Coal reductions for the consumer have not yet been secured, but there is now a much better chance for these lower prices than there has been at any time in recent months. Altho no detailed statement has been made by Gov. Lowden, it is very apparent that he is using the influence of his great office to secure these lower prices to which the people of the state are justly entitled. A statement was issued, signed by Levy Mayer of the state council of defense, who is one of the best attorneys of Chicago; David Shanahan, speaker of the Illinois general assembly, and Lieut. Gov. John G. Oglesby. The language of this statement is unequivocal in its declaration that the state has authority to take over and operate the mines if reasonable prices cannot be secured from the operators.

When the first suggestion was made two weeks ago that the state government might by law fix lower prices for coal in the state, the operators intimated that they would ship their product to other markets where higher prices were paid. That veiled threat has brought quick response in the statement that already eight states are co-operating to secure lower prices and that it is confidently expected that fifteen will shortly follow the movement in behalf of the people.

It is too early for the public to rejoice over the results, but indications point strongly to some relief from present high prices. The chances are that the state governments do not want to take over the mines but are using this threat to show the operators their earnestness. The operators do not want state control of their properties and

so can reasonably be expected to yield.

EIGHTY AND STILL YOUNG.

To Capt. William A. Kirby belongs the unusual record of having reached the age of eighty years and still being strong in mind and body. Capt. Kirby has for many years been connected with the Jacksonville postoffice, having been in continuous service since 1891. He is remarkable in many ways and his efficiency and activity at his time of life are often commented upon by his numerous friends. The most noteworthy thing about Capt. Kirby is the spirit which actuates him. It is a kindly, generous, gentle spirit which makes him seem to be at peace with all the world, satisfied with his lot and ready to perform every possible service for others. To what higher earthly estate could man aspire?

MAINLY ABOUT PEOPLE.

Sir Arthur Conan Doyle sold the book in which "Sherlock Holmes" first appeared for \$125.

Henry Arthur Jones, the brilliant English playwright, was a successful traveling salesman before he began writing for the stage.

Rev. Patrick Kirby, who has been elevated to the Catholic priesthood at Youngstown, O., is the fifth of six brothers to be ordained.

General Sir Herbert Plumer, one of the British commanders who has been conducting the great drive on the western front, is known in the service as the "Dandy General."

Indiana is preparing to live up to her reputation as "The Mother of Vice Presidents," by offering Governor James P. Goodrich as a candidate for second place on the Republican national ticket next year.

The Duke of Graton, who recently died upon his 97th year, is no lover of up-to-date methods of travel, and he is said to have once made a vow that he would never enter an automobile.

The ex-Khedive of Egypt, who was one of the first rulers to lose his throne in the present war, is said to be now living in a small country mansion near Vienna, in receipt of a small pension from the Austrian Government.

Viscount Bollingbroke, the only peer of the realm serving in the ranks at the present time, is the son of a romantic union.

His father, who died in 1898, was supposed to be a bachelor, but after his funeral it was found that he had in the early '90s, when 73 years of age, secretly married a young woman at Bath, and that there was a son, born in 1896.

Rippling Rhymes
By WALT MASON

READY TO GO.

I've seen all things a man may see, I've known all things a man may know; and when Death's summons come to me, I'll say, "All right," and gladly go. But ere I climb the sunset hill, and leave this world of tears and toil, I'd like to see old Kaiser Bill tried in some cheaper grade of oil. Long years I've lived and done my work as best I could, with talents few; a couch beside the old gray kirk will seem inviting when I'm thru. But ere I pass thru Jordan's chill, to roam in Eden's groves afar, I'd like to see old Kaiser Bill adorned with feathers and with tar. I do not understand the men who hang to life when life's a bore, who must be called and called again, before they'll start for t'other shore. I do not understand the dream with which men view a couch of clay; it's far more pleasant to be dead than sticking round in people's way. I'll gladly go when, loud and shrill, ring out grim Azrael's commands; but first I'd see old Kaiser Bill placed in the taxidermist's hands.

THIS DATE IN HISTORY

AUGUST 9, 1843—Will of Lieutenant-Governor William Kinney, dated August 9, 1843, and probated in St. Clair County October 18th of that year, we find this clause: "I, R. K. Fleming, in consideration of his copying and writing for me a pamphlet against Charles Dickens, and other articles, one hundred dollars in cash."

BIG SPECIAL TODAY
On peaches and Siberian crabs. For canning. Ask your merchant. W. S. Cannon Produce Co., distributors.

MAKE IMPROVEMENTS AT HIGH SCHOOL BUILDING

Change Fire Escape to Meet State Regulations—New Ventilating System.

Improvements now in progress at Jacksonville High school include the changing of the fire escape from the north to the west side of the building and the remodeling of a new ventilating system.

The change in the location of the fire escape was made thru request of the fire marshal's department. The old location made it too unhandy of access and when set up on the west side of the building the fire escape will be reached from the auditorium. The work is being done by Zastrow & Thompson.

The remodeled ventilating system will serve to regulate air supply and temperature by a thermostat arrangement which is entirely automatic in action. The Johnson Co. of Chicago is doing this work, which, when installed, is expected to do away with deficiencies noted heretofore in the heating system at the high school.

WILL VISIT IN CAPITAL

Miss Dorothy M. Osborne will leave Friday for Springfield to visit her aunt, Miss Georgia L. Osborne. Miss Osborne had just returned from Exeter, where she was the guest of Mr. and Mrs. Charles Roll.

FARM NOTES

Grain Cars Scarce

The scarcity of cars is being felt in all directions. J. H. Shirley, manager of the Farmers' Elevator at Murrayville says he has already taken in some 20,000 bushels of wheat and oats this season but it is hard to do business owing to difficulty in getting cars for shipment of the grain. The elevator is doing a fine business and would like to do more if shipping facilities were better.

Large Oats Crop

Edward Rea of Murrayville comes to the front with one of the largest oats crops yet reliably reported. He had 37 acres of Texas Red oats which threshed out 97 bushels to the acre of a good quality. He decided not to sell but to hold on for awhile yet.

Threshing is not very far along in the vicinity of Murrayville the good many have had their grain removed from the straw.

A Fortunate Wait

Last fall John Boddy had something like 800 bushels of corn to sell and had all things been favorable for moving it he would have sold, probably at about 85 cents. His boys were in school so he decided to keep the grain and when the holidays came the young men had plans which kept them busy so John still held on and a while back he sold nearly the 800 bushels which brought him \$1300. He had some left and decided to wait a while with that and now he is selling the remainder of his crop at \$2.25 a bushel.

Delay in Threshing

James Leake of the northwest part of the county was a city visitor yesterday. He says they have had bad luck trying to thresh this summer. The machine in the vicinity has been a machine too long and the other day when they tried to use it half a dozen sheaves clogged in it and there it is and the crop not threshed.

A Good Investment

John J. Reeve's son, Arthur, who is now living on a farm west of the city bought last fall a thousand bushels of corn for future use. When the price went up so high he decided he could feed oats cheaper so after using several hundred bushels of the corn he has enough left to sell for more than the original thousand bushels cost him.

Horses and Mules for the War

The purchase of horses and mules for the armies abroad is quite a business in this vicinity. A drove was brought in for D. Thomas yesterday and he shipped two car loads. J. W. Woods is absent all most every day in the country looking for likely animals for use in the great conflict and has bought several car loads and shipped them.

Roy Rawlings Develops Farm in East

Roy Rawlings who has a classified advertisement in this paper for a man to help in farm work is farming a thousand acre tract near Wyoming, R. I. Mention has been made before of what this Morgan county young man has accomplished "down east" in an agricultural way in a few years' time. He went there, purchased land at a low price, cleared away brush and shrubbery and by the use of modern ideas in agriculture is raising crops that surprise the residents there. The farm is only a few miles distant from one of the most thickly populated parts of the U. S., so that a marvelous market is available.

Mr. Rawlings' letter head shows that he has established the Rhode Island Meal Co. millers and distributors of the Rhode Island thousand acre farm whole cereal products. Among the products of this mill are Rhode Island White Cap corn meal, King Tom Ninkret Johnny Cake meal, Brown Bread flour meal and Southern Farm meal. Mr. Rawlings is making an excellent success in a financial way in his enterprise. His methods of farming are said to have resulted in general changes on the farms for many miles around his own and there have been corresponding increases in land values.

C. J. Ashbaker to J. E. Osborne, 160 acres of land described as the east half northeast quarter, etc. sections 10 and 11-13-10, \$26,400. This land is located about three miles east of Murrayville.

J. L. Maupin et al., living in California, to Mary F. Biswell, lots in Mound Side addition to Jacksonville, \$10. The lots transferred according to this deed are nearly 100 in number.

A Big Field of Oats

A. A. Curry yesterday when asked about crops on his big farm near Pisgah said that oats had been threshed from 120 acres and made an average yield of 73 bushels. The wheat on the farm has not yet been threshed and will make more than an average yield.

Wheat Average 40 Bushels

A field of 21 acres on the J. H. Osborne farm in the Riggsford neighborhood was threshed out recently and made an average yield of 40 bushels to the acre. Charles Sutton is the tenant on the land. The wheat was of such excellent quality that almost the entire crop was sold for seed.

DANCE AT ALEXANDER
Tonight—Alexander public park, good music; good floor. Catholic Order of Forresters.

CENTENARY AID SOCIETY

The Social Meeting of the Ladies Aid Society of the Centenary church will be held at the home of Mrs. T. H. Rapp, 330 S. East St., Thursday afternoon. A full attendance is desired. A report is wanted from the chairman of the penny a day fund.

COUNTY SCHOOL REPORT
HAS BEEN COMPILED

Records Sent to State Superintendent in Compliance with the Law.

The arduous work of making up the annual report of Morgan county school statistics has been completed by Supt. H. H. Vasconcellos and his assistant, W. B. Lowery. The report has been transmitted to the state superintendent of public instruction. As in former years the report includes a large amount of interesting statistical matter. Some figures are given herewith:

Number of boys under 21 years of age enrolled in county schools, 6,805.

Number of girls under 21 years of age enrolled in county schools, 6,483; Total, 13,288.

Number of boys enrolled in elementary schools, 2,715.

Number of girls enrolled in elementary schools, 2,612.

Number of boys enrolled in high schools, 323.

Number of girls enrolled in high schools, 435.

Total enrolled in elementary and secondary schools, 6,085.

Number of high school tuition pupils, 162.

Number of men teachers, 31.

Number of women teachers, 198.

Amount of salary earned by men teachers, \$21,213.92.

Amount of salary earned by women teachers, \$108,042.73.

Amount paid into state pension fund, \$405.

Public school houses used, 119.

Value of sites and buildings, \$651,273.

Value of libraries and equipment, \$65,749.

One teacher has taught in the same district 15 years, two 16 years, three 18 years, one 19 years and fourteen 20 years. These teachers are all in the Jacksonville schools. The total tax levy for 1916 was \$206,988. The amount of bonded indebtedness is \$70,000.

Books owned in school libraries number 8,983.

Seven teachers in the county receive a salary of from \$200 to \$299; thirty receive salaries from \$300 to \$399; sixty one salaries from \$400 to \$499; sixty six salaries from \$500 to \$599; sixteen salaries \$600 to \$699; five salaries from \$700 to \$799; four salaries from \$800 to \$899. These salaries apply to teachers in elementary schools. (High school teachers' salaries run from \$300 to \$1,700.)

Total current expenses for the year amounted to \$201,147.13.

Cost of new grounds and buildings, \$7,898.34.

Cost of new equipment, \$3,628.78.

Tuition paid for transferred pupils, \$1,428.07.

Cash on hand June 30, 1917, \$138,596.78.

During the year the county superintendent gave 8 lectures, attended 30 educational meetings and spent 88 days in school visitation.

NOTICE

TO WATER CONSUMERS

Water will be shut off on North Mauvaisterre from the Square to East North street and on East North street from North Main to Illinois avenue, and on East Court street from Square to Brown street, today from 8 o'clock to noon.

Joshua Vasconcellos, Commissioner of Public Property.

\$25.00 REWARD

For arrest or conviction of party taking shot gun shells from my automobile. George Barneier.

Louis Eisle, Emil Wells, Allen Taylor, Fred Carmichael and Misses Carrie Henderson, Edith Taylor, Ethel Paulk and Irene McCullough composed a party which went to Point M. E. church by motor Tuesday evening and enjoyed the chicken fry.

ELLIOTT STATE BANK

Savings Deposits made during the first ten days of August will bear interest from the FIRST of the month.

SUIT AGAINST THE C. & A.

John A. Cully as administrator of the estate of James Cully, has brought suit for \$10,000 damages against the Chicago & Alton railroad. Only the praecipe in the suit has been filed. James Cully, it will be remembered, was a private in Co. B and was killed by the Alton Hammer while on duty guarding the bridge at Louisiana.

RETURNS FROM CHICAGO.

Frank Caldwell has returned from a month's vacation in Chicago and vicinity, part of which he spent at the Great Lakes Training station. Mr. Caldwell has ambitions for service in the aviation corps and plans at an early date to seek entrance to that branch.

RESIGNS POSITION

Miss Linnie Blevins has resigned her positions in the store of C. S. Hillierby and returned to her home in Manchester. Miss Blevins has many friends in Jacksonville who will note her absence from the city with regret.

Miss Ruth Duncan of the Illinois Conservatory faculty has completed a pleasant summer vacation in Michigan and will spend the remainder of the time before the opening of school at her home in Mt. Sterling.

Savings Deposits

received on or before
August 10th. will bear
interest from the First
of the month.

RECEIVE APPOINTMENT TO STATE FAIR SCHOOL

Morgan county will be represented at the Illinois State Fair school next month by Harold Charles Ryan, Alexander, and Frank Todd, 1306 Elm street Jacksonville. Ryan received his appointment thru rank in scholarship having won the highest mark in the county final examinations last fall. Todd's appointment was made for a similar cause last year but at that time he was not able to attend school.

The Boy's State Fair School will be held the week of Sept. 7 in Springfield. The courses there have been found highly profitable and good reports of the school have been made by Morgan County representatives in other years.

Under big tent, Fish and Chicken fry, Concord M. P. church, Sept. 6.

MRS. E. M. KERSHAW OBSERVES 82ND BIRTHDAY

The 82nd birthday anniversary of Mrs. E. M. Kershaw, Aug. 7, was the occasion of a pleasant observance, postponed until Wednesday evening and held at Nichols park. The picnic was planned by Miss Elizabeth Sanderson, daughter of the guest of honor and proved enjoyable in every way. There were present Mr. and Mrs. W. D. Doying, Mrs. Hattie Doying, Miss Emma Doying, Miss Harriet Andre, Mr. and Mrs. D. T. Heimlich, Mr. and Mrs. E. E. Hatfield, Miss Libbie Hatfield, Miss Lizzie Ratachak, Miss Sanderson and Mrs. Kershaw.

Mr. and Mrs. H. B. Hendricks and daughter Dorothy formerly residents of White Hall spent Wednesday in the city. They were returning to their homes in Petersburg,

after a number of weeks spent at Carthage with Mrs. Hendrick's parents. Mr. Hendricks is now superintendent of schools at Petersburg.

SECRECY SURROUNDS CONFERENCE ON COAL

(Continued from Page 1)

food control bill carrying a provision for government fixing of fuel prices.

The federal trade commission which the measure authorizes the president to designate as an agency to enforce the provision, is ready to make out a price scale. For months the commission has gathered facts as to production costs and in a recent report to congress pointed out that prices are too high. Bituminous prices to the general public were fixed at \$3 in a recent agreement between producers, members of the commission and other government officials. This price was to hold until a final price was determined. Investigation has convinced members of the commission that this price is too high and that coal can be sold at a much lower figure and still leave a handsome profit for the producer.

President Wilson probably will issue an executive order at the time he signs the bill authorizing the commission to proceed with price fixing.

LABOR LEADERS TO DISCUSS CHARGES

CHICAGO, Aug. 8.—Charges that agents of the department of justice are unwarrantably interfering in labor disputes under the guise of enforcing the espionage and draft laws are to be discussed at a meeting of local labor leaders here tomorrow, with a view of petitioning President Wilson to forbid the department of justice from acting in labor disputes without sanction of the department of labor.

The complaints among the labor leaders grew out of the arrest of Charles McGowan, president of the Tri-City Labor Union and Oliver Griffin, secretary last night in the Rock Island shops and in arrests by Hinton G. Clabaugh, agent of the department here in strikes at the Chicago plant of the L. Wolff Manufacturing company.

"The reason for calling the meeting is that attempt of certain government officials to give the color of I. W. W. action to the organized labor movement so that they may act for the employers under the guise of fighting the I. W. W.," said Victor A. Olander, secretary of the Illinois Federation of Labor and a member of the state council of defense.

Emmet T. Flood, general organizer in Illinois of the American Federation of Labor said the strikers at Rock Island had been told that if they didn't go back to their jobs, the government would force them to work or deport a number of them. After the arrest of McGowan and Griffin the men returned to work for fear of being deported, he said.

CROPS STILL NEED RAIN IN MOST LOCALITIES

SPRINGFIELD, Ill., Aug. 8.—Local showers fell during the week ending Tuesday, Aug. 7, but rain is needed in most localities for corn, vegetables and grasses, especially in the northern counties, according to the report of the federal weather bureau issued here today.

"Corn is in good condition," the report stated.

"Oats are being cut in the north. Oats, wheat and barley are being threshed in the central and southern parts."

"The oats crop is exceptionally large."

URGE HOG RAISERS TO CONSERVE PIGS

TOPEKA, Kan., Aug. 8.—Kansas hog raisers are urged to conserve their supply of spring pigs in a statement issued today by J. C. Mohler, secretary of the state board of agriculture.

The statement points out that the placing of spring pigs on the market will result in great waste and sacrifice; that the prospects of big corn crops in Illinois, Iowa and Nebraska are excellent, and the farmers there probably will want all the young pigs they can buy.

DIRECTS ABATEMENT OF NUISANCES IN PEORIA

SPRINGFIELD, Ill., Aug. 8.—Attorney General E. J. Brundage announced tonight that he had directed the state's attorney of Peoria county to abate nuisances in the city of Peoria under the provisions of the Kate Adams law.

"For a considerable time the governor and the attorney general have received innumerable complaints from citizens of Peoria about the vicious and immoral conditions prevalent in that city," said a statement issued by Attorney General Brundage. "Investigation of the complaints has shown them to be fully substantiated."

WAR NEWS SUMMARIZED

Flanders, where the big guns have been booming incessantly since rain stopped the entente offensive movement early last week, has again been the scene of infantry fighting but only on a small scale. Near the coast the British raided the German lines near Lombaertzyde.

Berlin officially describes this operation as an attack in force which it says the Germans beat off in hand-to-hand fighting. The Teutons also record the repulse of local attacks by the British in the Bixchoote region.

Along the Aisne front and on the right bank of the Meuse, northeast of Verdun violent artillery activity continues on both sides. The German crown prince has not followed up his attacks on the Aisne front, where he was repulsed east of Vauxaillon and west of the Calmarie Plateau.

Russian troops are on the offensive in the Chotin region on the Russo-Galician border, northeast of Czernowitz, and have withstood successfully Austro-German thrusts in the region of Brody. The Russian forward movement west of Chotin resulted in the capture of two villages, 300 prisoners and four machine guns. The Teutonic effort near Brody penetrated the Russian lines, but the attackers were thrown back by a counter-attack.

A newspaper report from Petrograd says the Russians have evacuated the fortress of Kamenetz-Podolsk, the capital of Podolia, and the garrison town of Proskurov. Both these places are some distance from the line of the river Zbrocz which has been held in part by the Russians for more than a week.

In central Moldavia the Teutons continue their advance north of Fokshani. Petrograd admits the success of this movement and says the Russians have retired toward the river Sereth.

MATRIMONIAL

Strawn-Cleary

The spacious lawn surrounding the home of Mr. and Mrs. William M. Cleary, northeast of the city, was the scene of a pretty outdoor wedding Wednesday afternoon, when Miss Lillian Cleary became the bride of Mr. Robinson E. Strawn, son of Mrs. A. C. Foster of Jacksonville. Tall baskets of yellow flowers against a green background formed an appropriate setting for the bridal party. At 5 o'clock the soft strains of the wedding march, played by Miss Georgia Coudy of St. Louis, announced the approach of the bridal procession, which was led by little Misses Jane Robertson, Madeline Foster and Louise Haire, each of whom carried baskets of yellow roses. Next came Masters Henry Strawn, James Harris and George William Coudy. The ring ceremony was performed by the Rev. E. W. McClusky, pastor of the Granite City Presbyterian church of which the bride is a member.

The bride wore a beautiful gown of silver cloth and tulle, with a bride's hat of tulle, and carried a shower bouquet of Niphetos roses and lilies of the valley. Immediately after the ceremony a dainty luncheon of three courses was served. The bride and groom received a number of handsome gifts, giving evidence of the high regard in which both of the young people are universally held.

After an extended wedding trip Mr. and Mrs. Strawn will be at home on the farm of the groom near Strawn's Crossing.

RECEIVE TEACHERS

CERTIFICATES

Reports on the recent examination of applicants for teachers' certificates have been received by County Superintendent of Schools H. H. Nascencillo. The examination was held July 12 and 13 in this city and was under the direction of Mr. Nascencillo and the state examining board. A larger number of those taking the examination were successful this year than has been the case before. Those who will receive certificates are Dorothy Oehler, Winchester; Gladys Seymour, Franklin; Florence P. Lemon, Manchester; Alberta Quigg, Virginia; Leona McPhilliney and Nellie Walker, Waverly; Eva Beauchamp, Meredosia; Tina J. Shumway, Palmyra; Mary Helen Swain, Prentice; Teresa Wagstaff, Murrayville; Ralph Joyce Masters, Winchester.

FAVORS STATE CONTROL

Lincoln, Ill., Aug. 8.—John H. Harrison of Danville, Ill., a member of the state council of defense, declared here today in an address at the opening of a chautauque that he was in favor of the state taking over the operation of Illinois coal mines. Harrison himself owns several coal mines in this state.

TO EMPLOY MOST

RIGOROUS MEASURES

Madrid, Aug. 8.—It is announced in official circles that the government is preparing to employ the most rigorous measures which may be necessary to put down the impending country-wide agitation. In the case of a general strike it is said that a state of siege will be declared.

ARREST AN ALLEGED

ALIEN ENEMY

Springfield, Ill., Aug. 8.—Frank Strohm an alleged German alien enemy, said to have been a seaman on an interned German ship at New Orleans, is being held at Wood River, near Alton, Ill., for federal investigation. U. S. Marshal V. Y. Dallman said here today that he had been asked to issue an alien permit to Strohm some time ago but had refused.

FOUR AMERICANS LOST

London, Aug. 8.—Four Americans were lost on the British steamer Belgian Prince which was sunk July 31 by a German submarine. One American is among the survivors.

PROSPECTS OF STRIKE SETTLEMENT BRIGHT

SPRINGFIELD, Ill., Aug. 8.—Prospects of an amicable settlement of the street railway strike that has tied up traffic in Springfield for the past three weeks and resulted in riot and bloodshed were exceedingly bright tonight. A conference during the afternoon and evening between A. D. Mackie, general manager of the Springfield Consolidated Railway company, representatives of the striking trainmen's union and members of the state industrial board has resulted in decided progress. Altho no official statement was issued at the close of the meeting yet the indications point to progress. O. N. Custer of Galesburg, members of the industrial board, designated as publicity man for the conference would make no statement other than saying that the conference would continue tomorrow. Only a few minor disturbances marked the night's operation of the street cars. No injuries were reported. The members of the Ninth Regiment have been on patrol duty thruout the day and night in the sections of the city where there has been previous trouble. A coroner's jury to inquire into the death of Patrolman Roll, who was killed Tuesday night, while on riot duty has been called for tomorrow afternoon.

REFUSE INVESTIGATORS ADMISSION TO DISTRICT

BISBEE, Ariz., Aug. 8.—Six men, appointed by the Arizona State Federation of Labor in convention at Clifton to investigate the deportation of more than 1100 men from the Warren district, July 12 and labor conditions in this camp at present, were today refused admission to the district. The delegation, which was coming to this city in an automobile from Douglas was met at Forest Ranch several miles from Bisbee and informed that any other than a legal investigation was not wanted at this time. Tho the Workmen's Loyalty League and the Citizens' Protective League of Bisbee deny all connection with the action, it was admitted that some of the members of each organization participated in the affair.

This afternoon the executive committees of both organizations declared that the visitors were coming "with chips on their shoulders" and that, inasmuch as the situation was being investigated by the attorney general no other investigation was needed.

DECLARE CONDITIONS "THE WORST POSSIBLE"

NEW YORK, Aug. 8.—Conditions in Syria and Palestine are declared to be "the worst possible" by a refugee who fled from there and by circuitous routes has just reached New York and reported to the American committee of Armenian and Syrian relief.

The committee's informant whose name is withheld, said there were 8,000 cases of typhus in Beirut when he left owing mainly to a lack of supplies of medicine and scarcity of doctors. The poorer classes have been wiped out by starvation, he said.

GERMANY ESTABLISHES PSYCHOLOGICAL BUREAU

PARIS Aug. 8.—Germany's latest institution, LaLiberte's correspondent at Berne says, is a psychological bureau with headquarters in Berlin and agencies in all neutral countries. The object is to catalogue continuously the precise psychological changes of each of Germany's enemies. The correspondent adds that Germany's hopes are concentrated, not on the success of the submarine war but on the probable moral collapse of the entente allies.

PASS CANADIAN CONSCRIPTION BILL

Ottawa, Aug. 8.—The Canadian conscription bill successfully passed the last legislative stage tonight when it received third reading in the senate. It becomes effective after the formalities of royal assent and government proclamation.

SPRINGFIELD MAN AMONG WOUNDED

Ottawa Aug. 8.—The American-Canadian casualty list tonight contains the name of C. T. Thompson, Springfield, Ill., wounded.

RABBI LOUIS WOLSEY,

popular pastor of Euclid Avenue Temple, Cleveland, brings to the platform a wealth of experience. His Temple is a veritable hive of activity, is open every day of the week and is the great moral power-house of Cleveland. Jews and Gentiles crowd his auditorium on Sabbaths. A most eloquent speaker, he handles his subject courageously and lucidly. He stands at the top among his own people and is president of the Alumni Association of Hebrew Union College of Cincinnati, the one great theological seminary of Reformed Jews of America.

concerned in a high state of efficiency, provide a living for those who conduct them, enable them to pay good wages and make possible extensions of their enterprises."

With reference to prices for the public, it says: "The board has not yet had and may not have occasion to deal with this question, but it seems proper in this connection to direct attention to the following statement of the president:

"We must make the prices to the public the same as the prices to the government. Prices mean the same thing everywhere now; they mean the efficiency of the nation whether it is the government that pays them or not. They mean victory or no victory."

FROM GREENE COUNTY
Ruby Hubbard of Roodhouse has completed a three-week visit with her uncle and aunt, Dr. and Mrs. P. L. Varble, 516 South Main street. Mrs. John Hawk will return to Roodhouse also. Mrs. Dee Hubbard, mother of Mrs. Varble and Mrs. P. C. Canatsey, her sister, are here from Roodhouse for a short visit. Dr. and Mrs. Varble and guests attended the Watt family reunion Wednesday at Nichols park.

APPEALS COMMISSION RULING
Springfield, Ill., Aug. 8.—Clarence H. Verner, of New York City, thru E. N. Zoline, his attorney, filed an appeal in the Sangamon county clerk's office here today from a decision of the Illinois Public Utilities commission, granting the New York Central railroad permission to issue \$100,000,000 in twenty year six percent bonds, and to increase the authorized amount of the railroad's capital from \$300,000 to \$400,000.

SEVENTY-SEVEN MEN IN PHYSICAL TESTS

FIFTEEN DISCHARGED WEDNESDAY BY EXEMPTION BOARD.

Another Call Will Be Necessary to Secure County's Quota—Rules Governing Exemption of Married Men Amended—States Attorney Must Contest Claims

The Morgan county board of exemption Wednesday examined seventy-seven men, the last division of the 242 summoned for examination. Of the seventy-seven there were fifteen discharged because of physical defects and one was ordered to report for re-examination. This means that sixty-one of the men examined were passed. The number of exemptions filed Wednesday was thirty. While it is as yet uncertain how many of these exemptions will be allowed, it is apparent that another call summoning men for examination must be made by the board in order to complete the Morgan county quota of 121.

Exemption Claims

The total number of men who have filed their claim for exemption up to 6 o'clock last night was ninety-eight. There now remain ten days for filing affidavits in support of the exemption claims and meanwhile the local board must begin the work of passing upon the papers, which have thus far been filed.

By far the greater percentage of such claims are based upon the dependent wives and children. It was originally supposed that the fact that such claims had been filed, supported by affidavits, would be accounted as sufficient proof of the claims made and that the action of the exemption board in passing on such claims would be somewhat of a formality.

But now new instructions have been received by the board from Provost General Crowder. Now it is the duty of the board in passing on exemption claims based upon the dependency of wives and children to consider the earning power of the applicant in connection with the fact that every man in the service must draw at least \$30 a month salary. The government calls attention to the fact that since food and clothing are furnished, that every soldier can send back home the greater part of his monthly salary if he desires to do so. In case of the death of a soldier the government immediately pays the family six months' pay and there are also provisions for insurance or pensions in favor of dependent relatives. These instructions received by the board from the war office make it clear that the rules governing exemptions will be strict.

To Defend All Claims

by instructions received yesterday by State's Attorney Robinson from the war office. The state's attorney is constituted a representative of the government to appear and protect each claim for exemption allowed by the local board. This means that the state's attorney must appear before the district board of review at Springfield on behalf of the U. S. in each instance where an exemption is claimed for reasons by which in accordance with the conscription law the local board has authority to use its judgment and issue a certificate of exemption. The state's attorney has nothing to do with exemption claims based upon occupation—in fact, has no connection with claims that do not come under the jurisdiction of the local board.

Mr. Robinson had not been informed until Wednesday that any service of this kind would be expected of him. The instructions received from the department are printed below and indicate that the state's attorney will have a large amount of work to do in connection with the exemption board's activities.

Miller Weir, president of the exemption board, stated yesterday as indicated above, that the board cannot yet determine the number to be summoned in the second call for examination. He said that not until the board had passed on some of the exemption claims would there be much idea as to the number of men thus far secured. Another ruling with reference to exemption was announced from Washington Wednesday and is to the effect that where the relatives of a dependent wife or of her husband are willing to assume her care if the husband goes into the army, that the exemption board need not consider such a claim for exemption. It was also indicated in the instructions Wednesday that district boards in passing upon exemption claims of farmers may decline to issue certificates of exemption if they believe that the land in question could be rented out in such a way as to provide for the support of the wife.

Instructions received by the state's attorney referred to above follow:

States Attorney's Instructions

States Attorney,
Morgan County.

The provost marshal general, acting for president under the authority of section 6 of selective service law and of section 2 of the rules and regulations prescribed by the president in connection with said law, has directed a designation of a person to perform in each local exemption board, the functions contained in paragraph 27 of the indicated regulations. In brief this function is to take appeals on behalf of the government to the district boards from exemptions or discharges by the local board, and in this connection to receive and select such information as may be necessary or desirable in the proper prosecution in the appeal. Acting under this authority you are hereby designated in the name of the provost marshal general such officer for the performance of the duties pertaining thereto as outlined in the selective service law and regulations based thereon for your county exclusive. A copy of said law and regulations is being issued to you for your information and guidance. The local exemption board of your county has been notified of this designation.

The following telegram from the provost marshal general is quoted for your information and guidance:

Washington, D. C., Aug. 6.
—Governor of Illinois, Springfield, Ill. No. 2890 reference my 2832. The president hereby authorizes you to authorize and direct the persons designated by you to take appeals in the name of the provost marshal general to administer oaths necessary in the selective service number. This authority has been found to be necessary in making affidavits from persons who appear before such persons for the purpose of taking information in which appeals in the name of the government may be taken.

(Signed) Crowder.

By virtue of the authority indicated above, you are authorized and directed to administer oaths necessary under the selective service law for the purpose of fully carrying out the duty under the law.

Ladies' bathing suits at Tom Duffner's.

BACK TO MISSOURI.

Mr. and Mrs. Frank Henderson of Janthe, Missouri, expected to start back home in their Chevrolet car today. They have been visiting Mr. Henderson's parents, Mr. and Mrs. C. P. Henderson north of town and all made the city a visit yesterday.

A TEXAS WONDER

The Texas Wonder cures kidney and bladder troubles, dissolves gravel, cures diabetes, weak and lame back, rheumatism and irregularities of the kidneys and bladder in both men and women. Regulates bladder trouble in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months' treatment and seldom fails to perfect a cure. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by druggists.—Adv.

ORLEANS CLUB MEETS.

Mrs. J. I. Little of Alexander was hostess Tuesday afternoon at the regular meeting of the Orleans Woman's Country club. "The Establishment of the Republic" was the theme of Mrs. W. H. Hinrichsen, who, in addition to her own paper, read an article prepared by Mrs. Charles Davis on "People of Today, Manners and Customs." Excellent refreshments were served during the social hour which followed the program. The next meeting will be held Thursday, Aug. 16, at the home of Mrs. W. T. Scott.

LICENSED TO MARRY

Joseph Degroot, Chapin; Genevieve Dixon, Jacksonville; W. H. Buckley, Winchester; Clara Sherwin, Peoria.

Robinson Strawn, Sinclair; Lillian Clary, Jacksonville.

MRS. HAMILTON DIES

AT CLAYTON

A message received by J. D. Adams Wednesday told of the death of Mrs. William Hamilton at Clayton, a cousin of Mrs. Adams. The death of Mrs. Hamilton occurred Tuesday night at 11 o'clock following a brief illness. Because Mrs. Adams is confined to a hospital neither she nor her husband can go to Clayton for the funeral.

Special lots in pumps, straps and ties at **\$2.50, \$1.98, \$1.50**
And small size lots for \$1.00; and a few at 50c.

JOHN DIETRICK NEARLY DROWNED AT PARK

Prompt Work by Dren Duffy and James Trahey Saved Young Man Who Had Gone Down Three Times in Water.

But for prompt action on the part of Dren Duffy and Park Policeman Trahey, John Dietrick, a baker in the employ of John Frank would have been drowned at Nichols park Wednesday afternoon. Dietrick went down the third time and was brought to the surface by Duffy. Policeman Trahey assisted in getting Dietrick to the bank where he was resuscitated after a great deal of hard work.

Dietrick went to Nichols park Wednesday afternoon about 2 o'clock in company with Harold and Byron Craig and Reginald and Robert Reed. They decided to go in bathing and Dietrick was the first to enter the water. After trying the temperature of the water he mounted the spring board and dove off.

Dived and Struck His Head.
He evidently struck his head and the side of his face on something. When he came up he was struggling in a peculiar manner and his companions saw something was wrong. They called for help and Policeman Trahey and Dren Duffy responded.

Before they reached the scene Dietrick had gone down for the third time. Mr. Trahey can't swim but he waded into the water as far as he could and Dren Duffy entered the water and dived for Dietrick. He made three attempts before he located him and brought him to the surface.

He swam with him to where Trahey was standing and the latter took him to the bank. First aid methods, such as rolling the body over a barrel were applied and soon Dietrick regained consciousness just as Dr. A. M. King and a member of the police department arrived with a pulmotor.

After his recovery Dietrick was taken to his room at the Craig home, 605 North Church street. It is probable that he will be all right today.

Duffy Showed Bravery.
Policeman Trahey in talking with a Journal reporter Wednesday evening paid a high compliment to Duffy for his bravery and presence of mind. Mr. Trahey said that the boy seemed to be the only one who had the courage to attempt Dietrick's rescue and he exhibited rare presence of mind. "If anyone," said Mr. Trahey, "ever deserved a Carnegie medal Duffy has one coming to him."

Dren Duffy is the son of Mr. and Mrs. Mathew Duffy of 524 South Main street. Mr. Duffy is a jeweler for Russell & Thompson. The boy is 14 years of age and is at present attending Business college. Mr. Duffy said last night that he paid for a membership for him in the Y. M. C. A. last year and the boy had been a frequent visitor to the swimming pool and since the lake had been opened for swimming had spent nearly every afternoon there.

William Council was also one of the witnesses to the accident that nearly cost Dietrick his life. Mr. Council was one of those who called for help and located the spot where Dietrick went down which made it possible for Duffy to find him. Mr. Trahey was of the opinion that Dietrick was under the water for over five minutes before being brought to the surface. One side of his face was badly bruised where he evidently struck some object as he dived into the water that probably dazed him.

HEN PARTY

Admission, one big fat hen, Thursday afternoon is when, O—the lawn of J. T. Holmes is where, Ladies of Pisgah wish to meet you there
For an afternoon of fun and pleasure,
Come and enjoy it at your leisure.

TOBACCO FOR SOLDIERS

Charles F. Ehnie has devised a method of supplying the soldiers of Uncle Sam who are in France with needed tobacco of various kinds. Mr. Ehnie said last night that he believed that many more people could be gotten to subscribe 25 cents to the cause than to subscribe 55 cents which is the amount asked by the St. Louis Globe Democrat which is promoting a scheme to furnish the soldiers with tobacco.

To the Journal last night Mr. Ehnie said that his scheme was to have a card printed with a coupon attached. On the card will be written the name and the address of the person who sends the package with a return for the person who receives it to acknowledge the receipt.

The package will contain a package of Camel cigarettes, one sack of smoking tobacco, one five cent cigar and a box of safety matches. This will leave enough to allow for the wrapping of the package. The government sends the packages free of charge. Mr. Ehnie expects to begin at once the putting in operation of the scheme.

LOUIS PERBIX BUYS FOURTH 1918 BUICK

Howard Zahn has sold to Louis Perbix of Markham the fourth 1918 model Buick, a fine seven passenger touring car.

WILL OIL STRETS

W. H. Cocking will go to Bluffs today to oil the village streets. Today he will oil the business section of Meredosia, taking all of the oil from Jacksonville for both pieces of work.

INHERITANCE TAX IN MASON ESTATE FIXED

Appraiser Shows Amount Due State is \$235.09—Decedent Had Large Amount of Real and Personal Property.

Leon A. Fitzsimmons, appointed to appraise inheritance tax in the estate of William E. Mason yesterday filed his report of tax due the state of \$2,735.09. Of this amount \$2,405.01 is to be paid by Mrs. Marie C. Mason, widow of the deceased. The value of the property she inherited from the estate is fixed at \$140,250.81. Under the law Mrs. Mason has exemption of \$20,000 and this means that \$120,250.81 is subject to the tax of 2 per cent. Albert Dean of Roodhouse and Charles Dean of Manchester, nephews of the deceased, will each pay a tax of \$165.04. The value of inheritance of each is fixed at \$10,252.11, and as each is entitled to an exemption of \$2,000 the amount subject to tax is \$8252.11.

The report shows the total value of real estate, less incumbrance, is \$50,980; chattel property \$2,450; stocks and bonds etc. \$89,377.02; cash on hand \$25,553.86. Total value of estate \$168,360.88. The inventoried lands are:

Lot 90 in original plat Roodhouse \$950.
Lots 40-41 Roodhouse second addition to Roodhouse \$800.

Lot 2, block 2 Dillingham's addition to White Hall, \$650.
Other lots in Roodhouse \$800.

A parcel of land in lot 15 in William Thomas' addition to Jacksonville \$5,500.

80 acres in section 14-13-10, Morgan county, valued at \$75 an acre, \$6,000.

20 acres in section 2-13-12 Scott county, valued at \$60 an acre \$1,200.

40 acres in section 2-13-12, Scott county, valued at \$60 an acre, \$2,400.

40 acres in section 2-13-12, Scott county valued at \$60 an acre \$1,200.

18 acres in section 2-13-12, Scott county valued at \$60 an acre \$1,080.

40 acres in section 3-13-11, Scott county, valued at \$40 an acre, \$1,600.

40 acres in section 10-13-11 Scott county, valued at \$65 an acre, \$2,600.

40 acres in section 10-13-11 Scott county, valued at \$70 an acre, \$2,800.

40 acres in section 9-13-11, Scott county, valued at \$70 an acre, \$2,800.

80 acres in section 10-13-11, Scott county, valued at \$70 an acre, \$5,600.

80 acres in section 10-13-11, Scott county, valued at \$70 an acre, \$5,600.

40 acres in section 9-13-11, Scott county, valued at \$70 an acre, \$2,800.

20 acres in section 10-13-11, Scott county, valued at \$70 an acre, \$1,400.

40 acres in section 10-13-11, Scott county, valued at \$70 an acre, \$2,800.

Mr. Mason's chattel property amounted to \$2,450 and various mortgages owned by him had face value ranging from \$50 to \$14,000. The appraiser shows expenditures in his work of \$52.76 and \$51 paid to Henry English as stenographer. This estate is one of the most valuable that has come before the county court for settlement in the past few years.

**C. E. DELAPLAIN SHOWS
GOOD SALES RECORD**
The Quincy Whig says: "C. E. Delaplain's sales since August 15, 1916, of Pike county land include the following tracts: 160 acres, 405 acres, 238 acres, 240 acres, 180 acres, 511 acres, making a total of 1,734 acres. Mr. Delaplain has a number of sales now pending."

**NOTICE
TO WATER CONSUMERS**
Water will be shut off on North Mauvaisterre from the Square to East North street and on East North street from North Main to Illinois avenue, and on East Court street from Square to Brown street, today from 8 o'clock to noon.

Joshua Vasconcellos, Commissioner of Public Property.

**WOODSON MEETINGS TO
CLOSE SUNDAY NIGHT**
The Rev. Chester Birch preached a strong sermon Wednesday evening at the tent in Woodson and the interest was at very high pitch. There were several converts. Tonight the subject of Mr. Birch will be "The Acid Test of Friendship."

The meetings at Woodson will continue thruout the week, closing Sunday. From there Mr. Birch will go to Winona Lake, where he has a place on the program of the chautauqua there.

Miss Grace McAllister, who has served acceptably as pianist, is taking a short vacation and her place is being filled by Willard Wosner of Marrayville.

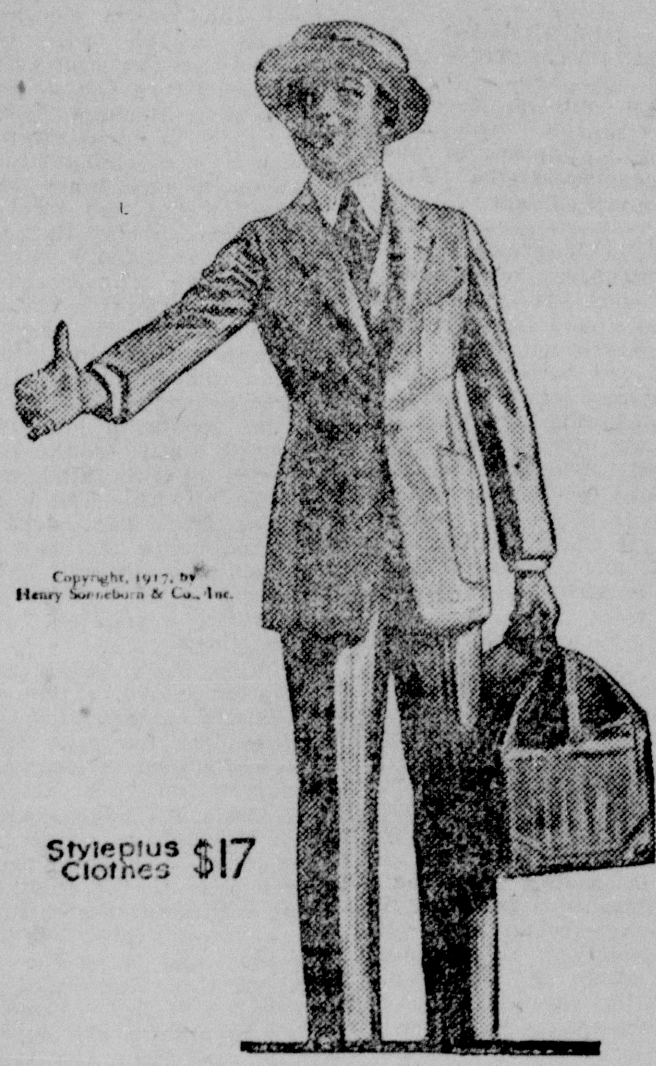

Ladies' bathing suits at Tom Duffner's.

RED CROSS WORK

Women of Westminster church will meet today at the home of Mrs. J. H. Russell on Caldwell street to sew for the Red Cross. There will be sessions both morning and afternoon and a large attendance of the church women is asked.

Mrs. Sarah J. Cocking, who has been spending the summer in Perry, Pike county, is in Jacksonville for a stay of two or three weeks. After the chautauqua she plans to return to Pike county for a further visit.

C. C. PHELPS

Dry Goods Company

OLD JACKSONVILLE

William M. Reed

By Ensley Moore

(Member Illinois State Historical Society)

The March-Mathers-Snyder-Pattersons had so much to do with Jacksonville, in some respects, that it may be worth while to give the connection some more notice.

This will be regarding Wm. H. Reed, who married Miss Ella March August 16, 1853, at Moweaqua, Ill. As stated before, Mr. Reed clerked here for Kibbe & Lathrop, in the double store under the "Mansion House," now called the "Park Hotel," north west corner of N. Main street and the Square.

Mr. Reed was born in Canfield, Ohio, and was a cousin of the A. C. Wadsworths, which makes him probably of New England ancestry. He was a brother-in-law of the Hon. Jos. G. Cannon, of Danville, Illinois, long time member of Congress, and Speaker of the national House of Representatives. Mr. Cannon having married a sister of Mr. Reed. The latter may have once lived in Danville. Two weeks ago a short extract was made in this series, from an extended notice of Mr. Reed in the "Central Christian Advocate" of Kansas City, Mo., dated Sept. 18, 1912.

It would seem desirable to publish it entirely and it follows. It is to be borne in mind that "The Advocate" is a paper of the Methodist Episcopal church.

"William H. Reed—An Appreciation"

It would seem impossible for the light of the setting sun, pouring thru the cathedral windows of Grand Avenue church, to ever be more mellow or transfiguring than when, on Monday evening of last week, it fell upon a company of people passing by an open casket lying before that altar. Noble wreaths, such as are prepared when distinguished men pass from earth, were here and there upon the altar, set pieces of roses and autumn leaves flanked a picture of the form in the casket and rested against the pulpit, draped in his honor. In the pew, were a company of Kansas City's most representative Methodists, men famous in finance, in medicine, in merchandising, in manufacture, in philanthropy, they came from at least nine Kansas City churches; and there were a number of the clergy. The meeting was purely extemporized. The telephone had made all the arrangements, as it were, on a moment's notice. The numbers would have been multiplied had there been an hour longer for preparation. But numbers were not necessary. There were enough to do honor to the dead. The great organ wept and whispered as the pastor read, "I am the resurrection and the life," and soared in majestic strength when the reading was finished.

What was it that drew that company together in that place in that evening hour? It was the passing of William H. Reed. During the night before he had passed from earth; and as his body was on the way to the train, it halted in Grand Avenue church, and if he knew, he was glad. For nothing could be more fit. When William H. Reed came from Jacksonville to Kansas City forty-two years ago, there was but one Methodist church, and the little city itself was almost lost in the bluffs and hills. J. W. Bushong was pastor of the little congregation and the Sunday school was only a respectable handful—three hundred at most.

When William H. Reed arrived in Kansas City, a dynamo of incalculable speed and capacity arrived. He came as a railroad man, representing the Chicago & Alton; he was very instrumental in bringing the road to Kansas City. He was himself like a trim, stout engine, which when it makes a noise, moves, and everything hitched to it moves. He was an incurable optimist; the greater the difficulty, the steeper the grade, the more readily and certainly the engine gripped the rails. William H. Reed was made superintendent of the Sunday school. He continued superintendent of that Grand Avenue Sunday school for twenty-five years. He organized the orchestra; he led the singing; on summer Sundays you might hear the billows of song roll out into the street and down to "the Junction"—many of the old timers still talk of it. William H. Reed led the singing; he electrified the Sunday school; he was a pioneer in many of the modern methods. The engine did let off the whistle and the steam, but it bit the rails and the wheels sang: "We can pull it—we can pull it." Immediately the numbers doubled. And when we took down the "general minutes" of four years later we found the Sunday school was bulging with 1,022 scholars, and in 1880 there were 1,400.

William H. Reed was known thru out the Southwest. If unheralded he entered some prayer meeting in the prairies, the preacher came to him at the close of the meeting and said: "You must be William H. Reed." Even so. And there are many hundreds scattered all over the Southwest who, if they read this will say: "I knew him; I was in his Sunday school; he put strength into me; I could scarcely have been the man I am had my path never crossed that of William H. Reed." He backed up the preacher. They will all tell you that—those who

are living. We would like a characterization of William H. Reed from Dr. Rezin M. Barnes—dear hero of the cross—or from Henry G. Jackson—college president and missionary in South America, as well as pastor of Grand Avenue church. We know what the eloquent and intense Williams, and the suffering Parsons whose bodily sufferings made life a lambent flame of pain, thought of him. Gilbert De La Matry, that giant whose sermons were thunderbolts—yes, all the other pastors of his time had always behind them the momentum of William H. Reed.

After twenty-five years he resigned. The government sent him in the immigration service to Vancouver. There we called upon him. But he was not in. But others in the building told us of the impression he had made under that foreign flag.

One day a man spoke to us in Chicago, and said: "Whom do you say that I am?" Something seemed to tell us: "You are William H. Reed."

At that time the darkness was already falling in his sight. He was later blind. But like the beloved apostle, sweetened and softened by his years of walking with the Master, and by his a-ctions, he was still the hot spur optimist; he was still, in love of song and testimony and action, a "son of thunder."

William H. Reed was the walking epitome of friendship; those who felt the force of that friendship got a new definition of what the word means.

William H. Reed was unconscious of death save as a moment's separation—ah, how long that moment was—and how lonely. He used to place the photographs of his wife and son—vanished faces—on the chair as he knelt down in his room for his daily "family" prayer.

There are shadows on the portrait of this man, no doubt; he was impulsive, hard to restrain, unconventional, and not free from failures which arouse sorrow; but he was a builder and we look upon what he built, not on the scaffold which was not all equally sound timber.

He slipped into Kansas City a few days ago, and immediately, before his old-time friends knew he was here, he was sick unto death. Swiftly he rode into the light of immortality. Sunday, September 8, he passed away.

And the following evening, in the radiant sunset, the light filtering thru the opal glass of the old—the new—church, these honorary and active pallbearers carried him before the altar: Dr. C. B. Hewitt, E. A. Hosier, M. F. Simmons, John W. Jenkins, W. A. Knotts, A. U. Burke, G. W. Fuller, E. J. Gump, Dr. John Puntun, O. W. Philbrook, Fred Traver, J. A. Brubaker.

Dr. Olmstead, pastor, conducted the service; Dr. Stewart led the prayer; Dr. Lunbeck read the resolutions adopted a few hours before by the preachers' meeting; Professor Kriseser played a favorite voluntary; the one who holds this pen made the few remarks. The friends of forty years filed past the open casket and could but notice the majesty of death—the white face with the snow white hair.

In Europe the builders of churches and cathedrals are laid at rest in the crypt of the structures they build. If that were the practice here, a place would be made in the crypt of this mother church of Kansas City for the body of William H. Reed. In any event the bringing of his body to the altar, where the roar of the great young metropolis of the Southwest penetrated and mingled with the meditative service—meant this. Grand Avenue church has no superior in Methodism as a church in the throbbing heart of a great city; the federal building is across the street, the railroad offices and banks are but a short block, and less, away. How it all fitted into the life and delight of William H. Reed. And the presence of this casket, with its precious dust, helped, and forever will help, to sanctify this new building, which more than forty years ago, he began by courage, by intensity, by self forgetfulness, by undying friendships, to make possible. It all was fitting. It crowned his life. It put an added dash of color—of the heroic—into the new beginnings of this mother church, never more mighty, that in its new today.

William H. Reed came from Jacksonville, Illinois, in 1870; he leaves two children, a daughter in New Jersey and a son in Kansas City; he is buried in the family lot in Jacksonville.

It will be observed that the Hon. M. F. Simmons, formerly an editorial proprietor of the Journal, now of Kansas City, Mo., was one of the pall-bearers at Mr. Reed's funeral.

So large a connection as that descended from, or related to Eliza Drennan—as a March or a Mathers—can not be fully referred to in the space fitting to be given to one family.

But when it is considered that these people included the Marches, Mathers, Snyders, Pattersons, Rutledges, J. Q. Palmers, Rapps and others, it is seen what Jacksonville knew of, or had to do with them.

their father and mother in the Hebron cemetery.

T. U. Fox made a business trip to Jerseyville Saturday.

Samuel L. Fox and son George visited E. E. Fox's household Sunday.

O. H. Rohrer of Waverly spent Wednesday in the city on business.

FEW MEN REJECTED BY CASS COUNTY BOARD

Examinations at Beardstown Pass Large Per Cent—Dallard-Caywood Wedding—St. Luke's Picnic Held—Other News

Virginia, Ill., Aug. 8.—A total of 198 men were examined by the Cass county exemption board at Beardstown during the first two days of this week.

Twenty-five men were disqualified for physical reasons, the remaining 173 were accepted by the board of examining physicians. Claims for exemptions were asked by 116 men the remaining 57 signifying their readiness for the call.

The local board will begin the work of examining and passing on the exemption claims Thursday. Some of the claims will go to the district board and others will be passed on there. It is probable the work will require two days.

Notices for a second call of 200 men will be mailed today for their appearance Aug. 13-14 respectively.

Personal Mention

Mrs. Nelle Mills and Miss Ethel Sanks spent Monday afternoon in Springfield.

Rev. and Mrs. C. E. French and son Carlin are spending a few days the guests of relatives in Charleston, Ill.

Bert White of Jacksonville visited with relatives here Sunday.

Miss Carolyn Smith of Jacksonville attended the St. Luke church picnic here Tuesday.

Dallard-Caywood Wedding

Mr. Clad Dallard and Miss Stella Caywood were united in marriage Saturday evening. Rev. C. F. Juvinal performing the ceremony at the M. E. parsonage.

Mr. Fred Simmons of Beardstown and Miss Lola Stone of Versailles were married here Monday. Judge C. E. Martin officiating at his office in the court house.

Fred Carlson of Minneapolis arrived in this city Monday for an extended visit with relatives.

Much to the delight of the youngsters in this city a merry-go-round has arrived and is ready for operation on the Brass lots near the square, it is being well patronized.

Mrs. D. A. Yowell who has been very ill is somewhat improved.

Mrs. Louise Montgomery left Sunday evening for a visit with her son Bergen and family at Decatur.

Mr. and Mrs. Ed. Krone were Sunday guests of Chapin relatives.

Mrs. S. W. Venable of Augusta, Ill., was a business visitor in this city Monday.

Mr. and Mrs. Ed. Munson and sons of Richland were Sunday guests at the home of Messrs. Josephine and Luter Salles.

A. T. Lucas of Chandlerville was a Monday business caller here.

Mrs. Mildred Carr and Mrs. Harley Garner and son Gerald were calling on Virginia relatives Wednesday while enroute to Chandlerville from a several days visit with Mrs. M. V. Hill at Edinburg.

Miss Monica Davis is spending the week at the home of Mr. and Mrs. Frank Weaver in Peoria.

St. Luke's Picnic

The heavy rain of yesterday morning interfered with the plans of the St. Luke's picnic, the dinner and supper was served in the Robertson Building on the south side of the square and the exercises were held in the court house park. A bounteous chicken dinner and supper was enjoyed by a large crowd and was a financial success.

Misses Anna Devlin and Margaret Reid left for Quincy today for several days visit.

I was a great sufferer of liver, kidney and heart trouble. My limbs were swollen and I could scarcely do my work. Doctored with several different doctors and received no benefit. I finally consulted Dr. C. W. Carson, the Chicago Specialist, and he cured me. To any one, suffering with trouble like mine, could highly recommend him. Mrs. Nell Powell, R. R. No. 1, Annawan, Ill.—Adv.

Misses Mamie Kennedy of West Lafayette avenue and Sarah Dietrich of Concord have returned from Culom, Ill., where they were guests at the home of Miss Lillian Soust, a former student at the Woman's College. While away the Jacksonville young women attended a number of sessions of the Pontiac chautauqua.

NATURE STUDY

At the Chautauqua

With recent years there has come a wonderfully increased interest in birds, and bugs and plants, in all natural history. Both young and old are giving more attention to the great outdoors and Americans are beginning to really live. This interest is from both the esthetic and economic standpoints. While we are beginning to miss our native birds and plants and trying to re-establish them we are also learning their great economic importance. The best evidence of the growing interest in Nature study is the great number of finely illustrated popular books on the subject, the attention the leading periodicals are giving the matter and the success of the many societies organized to study nature in some of its phases and to preserve and protect forests, birds and native plants.

The chautauqua management has secured Prof. John P. Gilbert, a recognized authority on the natural history of Illinois and a lecturer and teacher of long experience to deliver a lecture on some phase of Nature study each morning of the assembly. His subjects will be varied and will touch in a preator or less degree everything that grows in our section.

Prof. Gilbert's lectures will be so simply put that all may understand and so interesting that grownups will enjoy and profit from them. He will be delighted to meet every boy and girl and every teacher, and all others who are interested in the Natural history of Illinois which he has made his life work.

MEREDOSIA RESIDENT DIES OF HEART FAILURE

End Came to John Birch Wednesday Morning—Coroner Rose Held Inquest in Afternoon

John Birch, aged 80 years, died suddenly of heart failure while at work at the J. A. Hildebrand Bottling Works in Meredosia, about nine o'clock Wednesday morning. Mr. Birch had been at work but a short time when the end came. He was employed at the bottling works to wash soda pop bottles and had finished washing about half a case, when a representative of the Whitney Shows, which plays Meredosia next week, stepped in to the room seeking Mr. Hildebrand.

The proprietor being absent the showman engaged in conversation with Mr. Birch. Mr. Hildebrand soon came in and at once noticed that Mr. Birch was ill. He sank to the floor and Dr. F. A. Neville was hurriedly summoned but by the time he arrived life was extinct. Mr. Birch was subject to fainting spells.

John Birch was born Dec. 31, 1837 at Birmingham, England. He came to America in 1886 and settled at Newark, Ohio. When he came to this country he left a son and a daughter in England. These children survive him and are still residents of England. Mr. Birch married Miss Mary R. Starks at La Harpe, Ill., July 22, 1894. The widow survives him. The deceased was a resident of Meredosia for the past fifteen years and had many friends in this vicinity who will learn with regret of his sudden death.

No arrangements have been made relative to the funeral.

Coroner Rose was notified of the death of Mr. Birch and went to Meredosia where an inquest was held Wednesday afternoon. The testimony of J. A. Hildebrand for whom Birch was working, F. C. Mc-

Guire, advance agent for the Whitney shows and Dr. F. A. Neville was heard. Mr. Hildebrand and Mr. McGuire testified to Mr. Birch becoming suddenly ill and sitting down on a soda water case. Dr. F. A. Neville gave as his opinion that death resulted from neuralgia of the heart.

After hearing the evidence the jury which was composed of Joseph C. Witt foreman, Will G. Looman, James F. Mayes, E. G. Yeck, Claus Hinners and Charles Wegehoff rendered a verdict in accordance with the facts as brought out in the testimony.

M. E. Brown of Galesburg was a visitor with city friends yesterday.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. (Seal) Hall's Catarrh Medicine is taken internally and acts through the Blood on the Mucous Surfaces of the System. Send for testimonials, free. F. J. CHENEY & CO., Toledo, O. Sold by all druggists, 75c. Hall's Family Pills for constipation.

Nash Jeffery Motors**Jeffery Six****Easiest to Start—Easiest to Control**

Everyone conceded six months ago that the Jeffery Six was one of the finest cars built. Meantime this car has been refined and improved by Nash manufacturing methods.

Today we believe it stands unquestionably in the front rank of its price class, in power, performance and dependability.

Jeffery Six is free from starting troubles. In coldest weather the motor starts promptly.

This famous Jeffery Six motor is vibrationless and powerful. In an emergency, or on the steepest grade, it never fails to respond.

As it stands today, 125-inch wheelbase, streamline body, refined, improved and backed by the Nash organization, the Jeffery Six is a bigger, better value at \$1465.

Detroit, 6; Boston, 2.
Boston, Aug. 8.—Detroit defeated
Boston 6 to 2 in the opening game of
their series today and went into
third place. Leonard who started
for Boston received ragged support
and Detroit piled up an early lead.

STOMACH SYMPTOMS

A leading physician of Chicago
says: "Merely easing the pain with
narcotics to give relief is a long way
from the cure for stomach trouble.
Besides the danger of neglect of in-
adequate treatment may lead to more
serious maladies. What appear to be
only minor troubles are often the
symptoms of gall stones, acute indi-
gestions, gastritis, constipation, auto-
intoxication, yellow jaundice, appen-
dicitis, cancer and ulcers of the stom-
ach and intestines, or other fatal af-
fections." Stomach sufferers should
take warning. Do not have blind
faith in treatments that are giving
no results. Much suffering could be
avoided, many surgical operations
prevented, scores of lives saved had
Mayr's Wonderful Remedy been tak-
en in time. It is not a long drawn
out treatment. It acts on the very
source and foundation of stomach,
liver and intestinal ailments, elimi-
nating from the system the hard,
poisonous catarrhal accretions, and
shows them to you. Try a dose to-
night—tomorrow your days of tor-
ture will be over and another friend
will be added to nearly a million
grateful human beings, many who
declare Mayr's Wonderful Remedy
has saved their life. Get it from
your druggist—tomorrow may be
too late. For sale by Armstrong's
drug store, and druggist everywhere.

**FINISH ONLY TWO
GRAND CIRCUIT RACES**

COLUMBUS, O., Aug. 8.—With
two events finished and one heat of
the 2:15 class pacing ended, a rain
storm this afternoon forced a post-
ponement of the remaining heats of
the 2:15 pace until Thursday.

The Hotel Deshler, 2:10 class
pacing, purse \$3,000 was won by
Ben All, consistent winner at De-
troit and Kalamazoo. His third
heat in 2:03 1-4 was equal to his
record.

The Buckeye colt trot open to
three year olds was won by Harvest
Gale, the well played favorite in
straight heats. The first mile in
2:03 1-4 is the fastest mile of the
year for trotters of this age.

Summary
The Buckeye Colt trot, open to
three year olds, purse \$1,000.
Harvest Gale won; Worthy Volo
second; Kelly de Forrest, third.
Best time 2:08 1-4.

Hotel Deshler Stake, 2:10 class
pacing. Purse \$3,000.
Tommy Direct second;
The Pointer Queen third.
Best time 2:03 1-4.

**GREAT WESTERN HARNESS
MEET OPENS IN PEORIA**

Hal, Jr., a Heavy Favorite, Takes
the 2:15 Pace—Miss Ophelia Pet-
er, a Jacksonville Horse, Starts in
Event.

Peoria, Ill., Aug. 8.—The opening
of the Great Western Harness meet-
ing here today attracted a crowd of
2,500 and the track was fast.

Hal J., a heavy favorite, took the
2:15 pace in straight heats cov-
ering the mile in 2:09 1-4 in each
heat. Another favorite triumphed in
the 2:30 trot, while Helen Chimes
carried away first money in the
2:09 pace, six heats being necessary
to decide it. Princess Margaret, the
favorite after winning the third and
fourth heats was distanced in the
fifth.

The summary:
2:15 pace. Purse \$500.
Hal J., (Allen) . . . 1 1 1
Dexter Patchen (Predmore) . . . 3 2 2
Colonel Fred, (Burrus) . . . 2 3 7
Count Marquis, Ross Directum,
Justice R., Miss Ophelia Peter, Little
George, Eva Abbe also started.
Time, 2:09 1-4; 2:09 1-4; 2:09
1-4.

2:30 trot. Purse \$500.
Whirlfast, (Ray) . . . 1 2 1 1
Ida May, (Haley) . . . 5 1 4 3
Wagner, (Allen) . . . 2 3 2 2
Hume, Ula Tolus also started.
Time, 2:15 1-4; 2:14 1-4; 2:15
1-2; 2:18 1-4.
2:09 pace. Purse \$500.
Helen Chimes, (Owen) 1 6 7 1 1
Kewanee Ruth, (Haw-
kins) . . . 2 1 4 4 3 2
Peggy C., (Shuler) . . . 5 3 2 2 3 4
Finis J. Garrett, Princess Mar-
garet, Blue Line, Freddie Welsh,
Redview also started.
Time, 2:07 1-4; 2:06 1-4; 2:07
1-4; 2:09 1-2; 2:13 1-4; 2:13 1-4.

E. J. Howells of Kankakee, for-
merly district superintendent for the
Central Union Telephone company,
called on a number of his Jackson-
ville friends yesterday. Mr. How-
ells was here looking after various
matters of business.

**VAUGHN PITCHES ALMOST
INVINCIBLE BALL**

CHICAGO HITS MARQUARD OP-
PORTUNELY.

Johnston Only Man to Reach Second
Base—New York Wins First Game
of the Series from St. Louis.

Chicago, Aug. 8.—Jim Vaughn
pitched almost invincible ball against
the league champions today while
Chicago hit Marquard opportunely,
and shutout the visitors 2 to 0.
Johnston was the only man to reach
second. Vaughn issued only one
pass.

Boston, 2-0; Cincinnati, 0-3.
Cincinnati, O., Aug. 8.—Boston
opened the series here today by di-
viding a double header with Cincin-
nati. In the first game Boston
bunched three of their five hits with
two Cincinnati errors and scored two
runs in the eighth which proved
enough to win 2 to 0. In the second
game which Cincinnati took 3 to 0,
Toney outpitched Nehf.

First game:
Boston . . . 000 000 020—2 5 0
Cincinnati . . . 000 000 000—0 5 2
Batteries—Barnes and Traggesser;
Regan and Wingo.
Second game:
Boston . . . 000 000 000—0 3 1
Cincinnati . . . 100 001 10x—3 6 1
Batteries—Nehf and Traggesser;
Rico; Toney and Wingo.

**PRESS CLUB EASILY
DEFEATS I. C. H.**

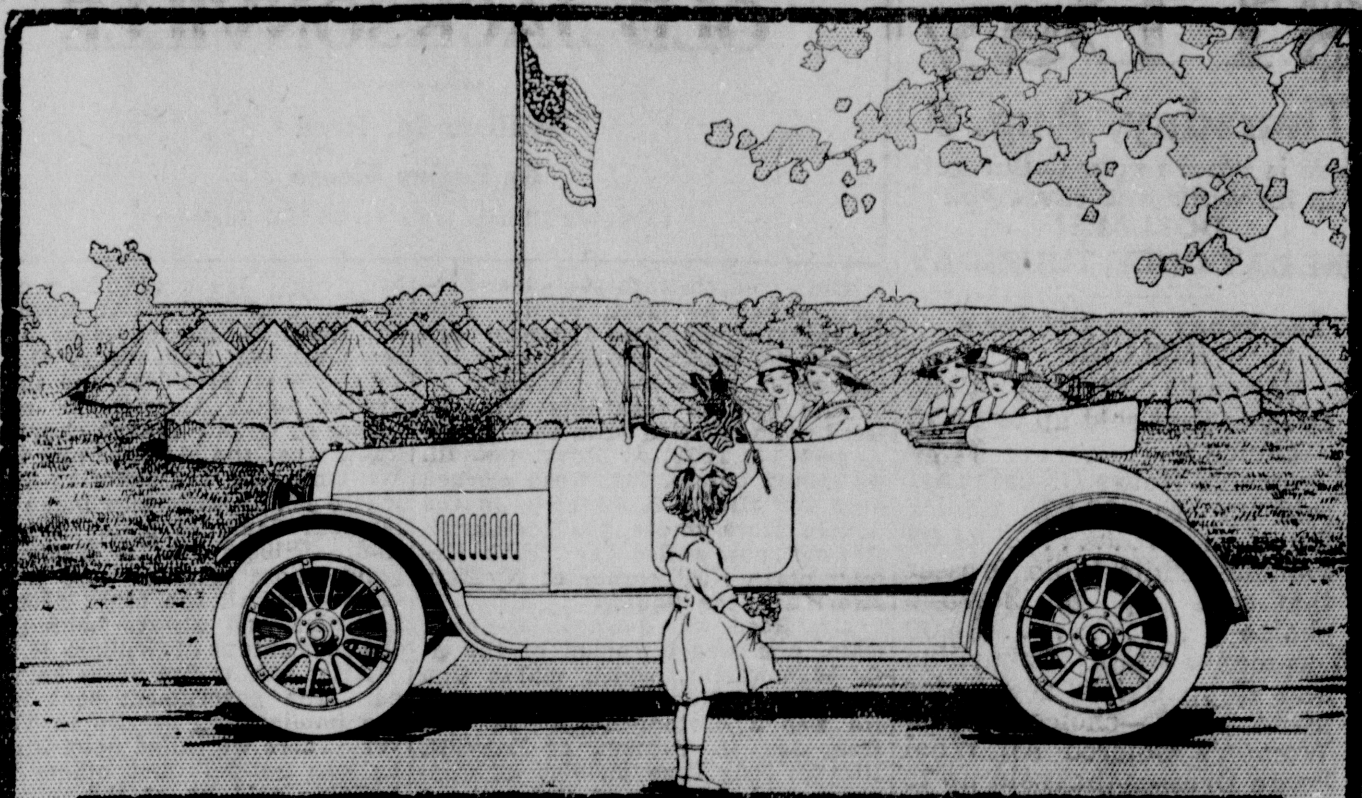

Jones' pitching and Cooney's hit-
ting was too much for the Illinois
Central Hospital attendants in the
game played on their grounds last
evening. The Press club covey made
evening by score of 8 to 0. Cooney
two home runs and a single out of
three times at bat. Langford's field-
ing was also noteworthy.

The score:
R. H. E.
I. C. H. . . . 000 000—0 0 2
Press . . . 051 02—8 10 5
Batteries—Justus and Jackson;
Jones and Fitch.

MRS. MEDILL M'CORMICK

Mrs. McCormick is one of the best
known women in Illinois and a re-
cognized leader who devotes her time
to civic betterment. She is a mem-
ber of the Illinois Woman's Council
of Defense and is engaged at present
in promoting preparedness and con-
servation. In her address she will
discuss matters of paramount im-
portance at this time as well as the
feminist movement.

**Don't Overheat
Your Battery**

In summer, when you're not using
your lights a great deal and when the
motor starts easily and quickly—becare-
ful that you do not overfeed your
battery.

Overfeeding means overheating, and
continued overheating means the ruin
of the battery.

When you're touring, or running your
machine a great deal, take the battery's
temperature occasionally, and if it is
getting up to 100° and over—burn all the
lights until it has cooled down.

Or if you haven't a thermometer, let
us take your battery's temperature.

Next time you're near, come in—
our battery experts will be glad to ex-
plain overheating thoroughly. Ask for
the Willard Booklet—"Are You Over-
heating Your Battery."

We handle Ford Supplies and
Repairs

We repair cars of all kinds.
When in trouble or in need of tire
or tube—TELEPHONE 20
ASHLAND, ILL.

CLASSIFIED ADVERTISING RATES

In Daily, first insertion one cent a
word, subsequent consecutive insertions
one-half a cent a word. If ad is or-
dered to run one month or more without
change, the cost will be ten cents per
word per month. No advertisements to
count as less than ten words; and other
than consecutive insertions at the one
time rate.

The Business Office is open each week
day evening and until noon Sunday for
the accommodation of want ad patrons.
Terms on Want Ads Cash in advance.

SPECIAL NOTICE
In answering "Keyed" or "blind" ads
in the Journal, such as "A. B. C." care
Journal, either mail or bring your reply
to the Journal office, where parties ad-
dressed will call for your answer. The
names and addresses of parties placing
"blind" ads in this paper will not be
given out—you must reply in writing
only.

ADS TAKEN OVER TELEPHONE
The Journal will take Want Ads over
the phone as an accommodation to our
subscribers with the understanding that
collection can be made for the same the
next day. If you phone a Want Ad in
today the collector will call to collect
tomorrow. The Journal cannot be re-
sponsible for errors in ads taken over the
phone. Advertiser can have ad repeated
back over the phone on telephone orders.

GOVERNMENT PREDICTS BUMPER CORN CROP

Damage to Spring Wheat Reduces Wheat Prospects

Report Places Corn Production at 3,191,000,000 Bushels, 68,000,000 Bushels Above the Record Crop of 1912—Showing Due to Improvement in Illinois, Indiana, Iowa and Missouri.

Washington, Aug. 8.—A corn crop surpassing any ever grown before; a reduction in wheat prospects due to damage to the spring wheat crop and record crops of barley, rye, white and sweet potatoes, tobacco and hay were forecast today in the Aug. 1 crop report of the department of agriculture. Corn production was placed at 3,191,000,000 bushels, 68,000,000 bushels above the record crop of 1912. The showing is due to vast improvement in the growing corn in Illinois, Indiana, Iowa and Missouri.

Spring wheat production forecast in July at 276,000,000 bushels, showed the results of adverse weather conditions. The prospects are put at 236,109,000 bushels, a drop of about 40,000,000 bushels from the July 1 report. North Dakota's crop suffered most with a loss in prospective production of about 15,000,000 bushels.

Winter Wheat Turning out Better. Winter wheat however, is turning out better than previously forecast total of 417,000,000 bushels, or 15,000,000 bushels more than indicated from July conditions.

The combined yield of winter and spring wheat therefore, shows a reduction of 25,000,000 bushels from the production forecast in July. The crop forecast from Aug. 1 conditions will be only 653,000,000 bushels or 13,000,000 bushels more than harvested last year.

White potatoes are expected to yield 467,000,000 bushels or 47,000,000 bushels more than the record crop of 1912. Sweet potatoes also have a record with 86,490,000 bushels.

There will be an enormous crop of tobacco, of almost 120,000,000 pounds larger than the record production of last year.

The buckwheat crop will be the largest in many years and oats will come close to equalling the record made in 1915.

The final production which the nation's crop will yield this year was forecast again today by the Department of Agriculture with estimates based on the condition of the growing crop on August 1. The production statistics indicate, when compared with the forecast made from conditions existing July 1 how July weather and other conditions have affected the all-important food crops on which the country and its allies in the war will have to depend during the coming year. With more than 343,000 square miles planted to the important food crops not taking into account the vastly increased number of home gardens, the United States has more than one-ninth of its entire area growing in food crops. That is larger than the combined area of all the states from Maine to the Indiana-Illinois line and south to the North Carolina-Virginia line and the Ohio river, including West Virginia.

Bumper crops of corn and oats and record crops of barley, rye, white and sweet potatoes, tobacco and hay show the response of the farmers of the country to President Wilson's appeal made in April last to produce larger crops this year for war use.

Following are the forecasts of production of the principal crops as estimated by the crop reporting board from the thousands of reports on conditions August 1 received by it from every part of the country (figures are in millions of bushels, i. e., 000,000's omitted) with the forecasts made from July 1 conditions, last year's final production and the average production for the five years, 1911-15:

Crop	August Forecast	July Forecast	1916	1911-15 Average
Winter wheat	(X) 417	402	482	542
Spring wheat	236	276	158	264

(X)—Indicates preliminary estimate of the crop.

Other details of the report follow:

Winter wheat: Preliminary estimate of yield 15.1 bushels per acre, compared with 13.8 last year and 16.3 the 1911-15 average.

Spring wheat: Condition 68.7 per cent of a normal compared with 83.6 last month, 63.4 last year and 76.9 the 10-year average. Indicated acre yield 12.4 bushels, compared with 8.8 last year and 14.0 the 1911-15 year average.

All wheat: Indicated yield 14 bushels per acre compared with 12.1 last year and 15.4 the 1911-15 average.

Corn: Condition 78.8 per cent of a normal crop, compared with 81.1 last month, 75.3 last year, and 78.4 the 10-year average. Indicated yield 26.4 bushels per acre, compared with 24.4 last year and 26.0 the 1911-15 average.

Oats: Condition 87.2 per cent of a normal compared with 89.4 last month, 81.5 last year and 80.2 the 10-year average. Indicated yield 34.7 bushels per acre, compared with 30.1 last year and 31.7 the 1911-15 average.

Oats remaining on farms August 1 estimated at about 47,771,000 bushels, compared with 113,728,000 last year and 64,928,000 the average August 1 stocks 1911-15.

Barley: Condition 77.9 per cent of a normal, compared with 85.4 last month, 86 last year and 81.2 the 10-year average. Indicated yield 24.3 bushels per acre, compared with 23.6 last year and 26.5 the 1911-15 average.

Rye: Preliminary estimate of yield 14.9 bushels per acre compared with 15.3 last year and 16.5 the 1911-15 average.

Buckwheat: Area planted 965,000 acres, compared with 845,000 acres last year. Condition 92.2 per cent of a normal compared with 87.8 last year and 82.2 the 10-year average. Indicated yield 20.6 bushels per acre, compared with 14.0 last year and 20.4 the 1911-15 average.

White potatoes: Condition 27.9 per cent of a normal compared with 90.1 last month, 80.8 last year and 81.3 the 10-year average. Indicated yield 107.5 bushels per acre, compared with 80.4 last year and 98.3 the 1911-15 average.

Sweet potatoes: Condition 84.8 per cent of a normal compared with 81.9 last month, 85.9 last year and 84.2 the 10-year average. Indicated yield 95.6 bushels per acre compared with 91.7 last year and 95.4 the 1911-15 average.

Hay: Condition 84.6 per cent of a normal, compared with 84.3 last month, 95.7 last year and 85.4 the 10-year average. Indicated yield 1.48 tons, compared with 1.53 last year and 1.31 the 1911-15 average.

Sugar beets: Condition 90.3 per cent of a normal, compared with 92.4 last month, 86.4 last year and 89.3 the 10-year average. Indicated yield 10.66 tons per acre, compared with 9.36 last year and 10.84 the 1911-15 average.

Acreages of the above crops, excluding apples and peaches total 327,716,000 acres, compared with 327,352,000 last year and 326,660,000 in 1915.

NOTICE TO WATER CONSUMERS

Water will be shut off on North Main street from the Square to East North street and on East North street from North Main to Illinois avenue, and on East Court street from Square to Brown street, today from 8 o'clock to noon.

Mother Why Don't You Take Nuxated Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All the time and Looking So Haggard and Old?—The Doctor Gave Some to Susie Smith's Mother and She Was Worse Off Than You are and Now She Looks Just Fine.

NUXATED IRON WILL INCREASE THE STRENGTH AND ENDURANCE OF WEAK, NERVOUS, CAREWORN, HAGGARD LOOKING WOMEN 100 PER CENT IN TWO WEEKS' TIME IN MANY INSTANCES

THE CHILD'S APPEAL

"There can be no Beautiful, Healthy Rosy Cheeked woman without Iron."

F. KING, M. D.

"There can be no healthy, beautiful, rosy cheeked woman without iron," says Dr. Ferdinand King, a New York physician and medical author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—for their nervous, run-down, weak, haggard looking women patients. Pale means anemia. The skin of the anemic woman is pale, the flesh flabby. The muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cooking, by throwing down the waste pipe the water in which our vegetables are cooked are responsible for another grave iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or rundown, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, grippe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started

their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles, in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or tin-

You can tell the women with plenty of iron in their blood—beautiful healthy rosy cheeked women full of Life, Vim and

has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in inglorious defeat simply for the lack of iron."

Dr. Schuyler C. Jaques, visiting surgeon of St. Elizabeth's Hospital, New York City said, "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ills—physical weakness, nervous irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc. and in consequence of their weakened run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the other inorganic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms or indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent, or over in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists.—Gilbert's Pharmacy, J. A. Obermeyer & Son, Lulu-Davis Drug Co., and Armstrong Drug Stores.

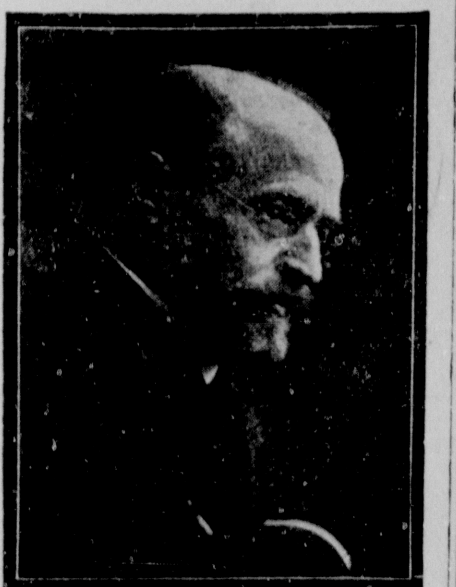

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anaemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against

use of metallic iron... may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

ture of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children, is alas! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless. I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial all of whom have given me most surprising reports in regard to its great power as a health and strength builder. Many an athlete and prize fighter

many miles of roads here in just as good condition and there are many other miles that can stand a lot of improvement work.

Mr. and Mrs. Edward Armstrong of the east part of the county rode to the city in their Paige car yesterday.

DR. EDWARD A. STEINER, author, educator and lecturer, was born in Austria, educated in Bohemia and Germany, and spent his early manhood in Russia. He is one of the most popular lecturers upon the platform and brings a great message. Dr. Steiner's books are in all libraries. His story of the Balkans before the war is most timely.

Which for You?

THE MAN-MADE DAYLIGHT OF

Warner-Lenz

Or the dangerous, criminal glare of the ordinary lens. The Warner is the most scientifically constructed headlight lens known—176 lenses in one.

Rival lenses argue other theories, but engineers don't accept them. One needs an all-embracing light, and the Warner-Lenz gives that. Warner-Lenz light is the same in every position. Turning of the lens in the door of your headlamp does not affect it, nor does rise and fall of the car.

REV. DAVIS MARTIN HERE

The Rev. and Mrs. Davis W. Martin of New Haven, Conn., arrived in Jacksonville Tuesday for a visit with their parents, T. S. Martin and W. L. Simpson of this city.

Rev. Martin is a post graduate student in the Yale School of Religion and pastor of the Congregational church at Marlborough, Conn. This is one of the old historic New England churches, its organization being over 200 years and is one of the churches that Jonathan Edwards preached in, during his student days in Yale.

Mr. Martin is a member of the Senior class and is one of the four men to receive fellowships for the coming year, based on the high grade of scholarship. Mr. Martin speaks highly of the advantages offered by Yale to its students. Its equipment is unexcelled and new dormitories are being rapidly built to accommodate the ever increasing attendance. Last year the enrollment was over four thousand and over thirty thousand students and alumni attended the Yale-Harvard game and witnessed Yales "come back" by defeating Harvard 6 to 3. Mr. Martin, com-

menting on the immense crowd of over 80,000 from all parts of the world, said it was worth traveling miles to witness this crowd break forth in cheers when the whistle blew at the close of the game and they knew that Yale had won.

ANNOUNCEMENT

I hereby announce my candidacy for the nomination for the office of county commissioner, subject to the decision of the Republican primary, September 12, 1917.

FRED J. SCHOLFIELD.

BANKER PRAISES MORGAN COUNTY ROADS

D. L. Clark and Albert H. Rankin prominent Springfield bankers, were Jacksonville visitors yesterday. They drove thru from Springfield, and Mr. Clark paid a compliment to Morgan county road officials by the statement that the roads he traveled over in this county are kept in better condition than those in Sangamon. It must be admitted however, that the condition of the Springfield road in Morgan county is not exactly a fair sample of Morgan county roads. There are
